THIS ANNOUNCEMENT IS FOR INFORMATION ONLY AND IS NOT AN OFFER TO EXCHANGE, OR A SOLICITATION OF OFFERS TO EXCHANGE, ANY SECURITIES.

CREDIT AGRICOLE S.A. ANNOUNCES ONE-FOR-ONE OFFER OF NEW CRR-COMPLIANT, SONIA-LINKED GBP ADDITIONAL TIER 1 SECURITIES IN EXCHANGE FOR LEGACY LIBOR-LINKED GBP ADDITIONAL TIER 1 SECURITIES (ISIN: XS1055037920)*

Crédit Agricole S.A. (the “**Issuer**”) today announces the commencement of an invitation to eligible holders of its outstanding legacy Undated Deeply Subordinated Additional Tier 1 Fixed Rate Resettable GBP Notes (ISIN: XS1055037920) (the “**Existing Notes**”) to offer to exchange any and all of their Existing Notes for an equivalent principal amount of its new Undated Deeply Subordinated Additional Tier 1 Fixed Rate Resettable GBP Notes (the “**New Notes**”) (the “**Exchange Offer**”). The Exchange Offer is made on the terms and subject to conditions described in an Exchange Offer Memorandum (the “**Exchange Offer Memorandum**”) that is being made available to eligible holders of Existing Notes (the “**Eligible Holders**”).

The Exchange Offer is intended to provide Eligible Holders with the opportunity to receive New Notes with economic terms substantially similar to those of the Existing Notes, except that:

- The LIBOR linked mid-swap rate in the Existing Notes is replaced with a SONIA-linked mid-swap rate in the New Notes. The relevant mid-swap rate is used to reset the interest rate on the Existing Notes, and will be used to reset the interest rate on the New Notes, on or around the first call date of 23 June 2026 and every fifth year thereafter. Until the first call date, the Existing Notes and the New Notes bear interest at a fixed rate of 7.500 per cent. per annum. Given the expected discontinuation of GBP LIBOR before the first call date, the reset rate of interest for the New Notes will apply a SONIA-linked 5-year mid-swap rate, adjusted by an ISDA-based adjustment spread of 27.66 basis points to reflect the economic difference between LIBOR and SONIA rates (based on Bloomberg screen “SBP0006M Index,” as of 19 May 2021). The margin of 4.535 per cent. per annum on the Existing Notes will remain unchanged in the New Notes.
- The terms and conditions of the New Notes are updated to qualify as Additional Tier 1 capital under current applicable banking regulations, including the introduction of a contractual recognition of bail-in clause, following the departure of the United Kingdom from the European Union. The Existing Notes are grandfathered as Additional Tier 1 capital until 28 June 2025 but not thereafter according to Article 494b(1) of the CRR Regulation. When the grandfathering expires, the Existing Notes will be disqualified as Additional Tier 1 Capital, and the Issuer will have the option to redeem the Existing Notes in whole (but not in part) at par. The New Notes may not be redeemed by the Issuer (unless new regulatory changes disqualify them as Additional Tier 1 Capital or upon certain tax events) until 23 June 2026 or any fifth anniversary thereof.

The New Notes also contain certain technical changes compared to the Existing Notes to align them with current market practices for securities of this type, including changing the voting majority required for consent to modifications of the terms of the New Notes (a 75 per cent. majority of holders present or represented, compared with unanimous consent for the Existing Notes).

The Exchange Offer will have no impact on the phased-in Tier 1 Capital ratio of Crédit Agricole S.A. or the Crédit Agricole Group. If all of the Existing Notes are exchanged, the fully-loaded Tier 1 Capital ratio of Crédit Agricole S.A. will increase by 16 basis points, and that of the Crédit Agricole Group will increase by 10 basis points.

The Exchange Offer will be open to Eligible Holders from 20 May 2021 to 5:00 p.m. London time on 18 June 2021. Eligible Holders who validly offer to exchange Existing Notes prior to 5:00 p.m. London time on 4 June 2021 will receive a cash payment of GBP1.00 for every GBP1,000.00 principal amount of Existing Notes exchanged, and a payment representing accrued and unpaid interest on such Existing Notes, as well as receiving the equivalent principal amount of New Notes. Eligible Holders who validly offer to exchange Existing Notes after 5:00 p.m. London time on 4 June 2021, but prior to the expiration of the Exchange Offer, will receive the equivalent principal amount of New Notes, but because the settlement date for such exchange will be an interest payment date on the Existing Notes, no accrued interest payment will be made pursuant to the Exchange Offer.

Unless modified or waived by the Issuer, the Exchange Offer is subject to a Minimum Exchange Condition, meaning that it is conditioned upon there being submitted valid offers to exchange Existing Notes in an aggregate principal amount of at least GBP 250 million. The Exchange Offer is also subject to other customary conditions set forth in the Exchange Offer Memorandum.

The settlement date of the Exchange Offer and the issue date of the New Notes will be (i) 9 June 2021, for holders that submit valid offers to exchange prior to 5:00 p.m. London time on 4 June 2021, and (ii) 23 June 2021, for holders that submit valid offers to exchange thereafter, but prior to the expiration of the Exchange Offer.

Application will be made for the listing and admission to trading of the New Notes on the regulated market of Euronext Paris, as from the date of issuance of the second tranche of New Notes on 23 June 2021, subject to the approval of the relevant prospectus by the French *Autorité des marchés financiers*.

The Issuer reserves the right to modify, extend or, if the conditions to the offer are not met, to terminate the Exchange Offer in its discretion. The Exchange Offer is not made to any investors or in any jurisdiction in which it would be illegal or would require the preparation and filing of a prospectus or other document with a securities regulator.
