

Statutory auditors' Report on the consolidated financial statements

This is a free translation into English of the Statutory Auditors' report issued in French. It is provided solely for the convenience of English speaking users. The Statutory Auditors' report includes information required specifically by French law in such reports, whether qualified or not. This information presents below the opinion on the consolidated financial statements and includes an explanatory paragraph discussing the auditors' assessments of certain significant accounting and auditing matters. These assessments were considered for the purpose of issuing an audit opinion on the consolidated financial statements taken as a whole and not to provide separate assurance on individual account captions or on information taken outside of the consolidated financial statements.

This report should be read and construed in accordance with French law and professional auditing standards applicable in France.

For the year ended 31 December 2013

To the Shareholders,

In compliance with the assignment entrusted to us by your General Meeting of Shareholders, we hereby report to you, for the year ended December 31, 2013, on:

- the audit of the accompanying consolidated financial statements of Crédit Agricole S.A.;
- the justification of our assessments;
- the specific verification required by law.

The consolidated financial statements have been approved by the Board of Directors. Our role is to express an opinion on these consolidated financial statements based on our audit.

1. Conclusion on the consolidated financial statements

We conducted our audit in accordance with professional standards applicable in France; those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit involves performing procedures, using sampling techniques or other methods of selection, to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made, as well as the overall presentation of the consolidated financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the consolidated financial statements give a true and fair view of the assets and liabilities and of the financial position of the Group as at 31 December 2013 and of the results of its operations for the year then ended in accordance with International Financial Reporting Standards as adopted by the European Union.

Without qualifying our opinion, we draw your attention to the matter set out in Notes 1.1 and 1.3 to the consolidated financial statements, which describe, respectively the effects of the first application of IFRS 13 as of January 1, 2013 related to fair value measurement and the methods for the netting of certain derivative instruments.

2. Justification of our assessments

In accordance with the requirements of Article L. 823-9 of the French Commercial Code (Code de Commerce) relating to the justification of our assessments, we bring to your attention the following matters:

- your Group accounts for impairment reserves to cover identified credit risk, which are inherent to its business activities. We have reviewed the procedures implemented by management to identify and assess these risks and to determine the amount of impairment considered necessary, and we have verified that these accounting estimates were based on documented methods that comply with the principles described in Note 1.3 to the consolidated financial statements;
- as stated in Notes 1.3 and 10.2 to the consolidated financial statements, your Group uses internal models to assess the fair value of certain financial instruments that are not traded on an active market. We have reviewed the control procedures around these models, the assumptions used and the way the risks associated with such instruments are taken into consideration;

- as stated in Notes 2.1 and 6.15 to the consolidated financial statements, your Group has estimated the impact of the planned sales of some subsidiaries. We have reviewed the assumptions used for this purpose and verified that these accounting estimates are based on documented procedures consistent with the principles described in the financial statements. We have also verified that the presentation in the notes to the consolidated financial statements was appropriate;
- as stated in Notes 1.4, 2.2 and 2.5 to the consolidated financial statements, your Group has performed impairment tests on goodwills and investments in equity affiliates. We have reviewed the terms and conditions related to these tests, the main parameters and assumptions used, and have verified that the presentation in the notes to the consolidated financial statements was appropriate;
- as stated in Note 1.3 to the consolidated financial statements, in order to determine the fair value of the issued securities accounted for at fair value through profit and loss, your Group has measured the impact its own credit risk. We have reviewed the appropriateness of the methods and assumptions used for this purpose and verified that these accounting estimates are based on documented procedures consistent with the principles described in the financial statements;
- as part of its consolidated financial statements preparation process, your Group has made other accounting estimates, as explained in Note 1.3 to the consolidated financial statements, in particular regarding the valuation and impairment of non-consolidated equity securities, the pension and future employee benefits engagements, reserves for operational risks, reserves for legal risks, deferred taxes assets. We have reviewed the methods and assumptions used and ensured that the accounting estimates are appropriately documented in conformity with the principles described in Note 1.3 of the consolidated financial statements.

These assessments were made as part of our audit of the consolidated financial statements taken as a whole, and therefore contributed to the opinion we formed which is expressed in the first part of this report.

3. Specific verification

As required by law, we have also verified in accordance with professional standards applicable in France the information presented in the Group's management report.

We have no matters to report as to its fair presentation and its consistency with the consolidated financial statements.
