

IMPORTANT NOTICE

NOT FOR DISTRIBUTION DIRECTLY OR INDIRECTLY TO ANY U.S. PERSON OR ANY PERSON LOCATED IN THE UNITED STATES OF AMERICA OR IN ANY OTHER JURISDICTION WHERE IT IS UNLAWFUL TO DISTRIBUTE THIS PROSPECTUS.

IMPORTANT: You must read the following before continuing. The following disclaimer applies to the prospectus following this page (the “Prospectus”), and you are therefore advised to read this carefully before reading, accessing or making any other use of the Prospectus. In accessing the Prospectus, you agree to be bound by the following terms and conditions, including any modifications to them any time you receive any information from Crédit Agricole S.A. (the “Issuer”), Crédit Agricole Corporate and Investment Bank (the “Sole Bookrunner”), Banca IMI S.p.A., Banco Santander, S.A., Lloyds Bank plc, Nordea Bank Danmark A/S and UniCredit Bank AG (the “Joint-Lead Managers” and, together with the “Sole Bookrunner”, the “Managers”) as a result of such access. Capitalised terms used but not otherwise defined in this disclaimer shall have the meaning given to them in the attached Prospectus.

Your attention is drawn in particular to the wording on the inside cover of the Prospectus and the section of the Prospectus entitled “Subscription and Sale”.

NOTHING IN THIS ELECTRONIC TRANSMISSION CONSTITUTES AN OFFER OF SECURITIES FOR SALE IN THE UNITED STATES OR ANY OTHER JURISDICTION WHERE IT IS UNLAWFUL TO DO SO. THE NOTES HAVE NOT BEEN, AND WILL NOT BE, REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE “SECURITIES ACT”), OR THE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES OR OTHER JURISDICTION AND THESE SECURITIES MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES, OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT), EXCEPT IN ACCORDANCE WITH REGULATIONS UNDER THE SECURITIES ACT.

THE FOLLOWING PROSPECTUS MAY NOT BE FORWARDED OR DISTRIBUTED TO ANY OTHER PERSON AND MAY NOT BE REPRODUCED IN ANY MANNER WHATSOEVER, AND IN PARTICULAR, MAY NOT BE FORWARDED TO ANY U.S. PERSON OR TO ANY U.S. ADDRESS. ANY FORWARDING, DISTRIBUTION OR REPRODUCTION OF THIS PROSPECTUS IN WHOLE OR IN PART IS UNAUTHORISED. FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE SECURITIES ACT OR THE APPLICABLE LAWS AND REGULATIONS OF OTHER JURISDICTIONS. IF YOU HAVE GAINED ACCESS TO THIS TRANSMISSION CONTRARY TO ANY OF THE FOREGOING RESTRICTIONS, YOU ARE NOT AUTHORISED AND WILL NOT BE ABLE TO PURCHASE ANY OF THE NOTES DESCRIBED HEREIN.

Confirmation of your Representation: In order to be eligible to view the Prospectus or make an investment decision with respect to the Notes, you must not be a U.S. person (within the meaning of Regulation S under the Securities Act). By accepting the e-mail and accessing the Prospectus, you shall be deemed to have represented to the Issuer and the Managers that:

- (i) you are not a person to whom it is unlawful to send the Prospectus or to make an invitation under the offer under applicable laws and regulations;
- (ii) you are not a U.S. person or a person located in the United States;
- (iii) the electronic mail address that you have given to the Managers and to which this e-mail has been delivered is not located in the United States, its territories and possessions (including Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, Wake Island and the Northern Mariana Islands), any State of the United States or the District of Columbia;
- (iv) you consent to delivery of the Prospectus by electronic transmission; and
- (v) you will not, nor are you authorised to, forward or distribute the Prospectus to any other Person or reproduce it, in whole or in part, in any manner whatsoever.

The Prospectus does not constitute, and may not be used in connection with, an offer or solicitation in any place where offers or solicitations are not permitted by law. If a jurisdiction requires that the offering be made by a licensed broker or dealer and any Managers or any affiliate of the Managers is a licensed broker or dealer in that jurisdiction, the offering shall be deemed to be made by such Managers or such affiliate on behalf of the Issuer in such jurisdiction.

Under no circumstances shall the Prospectus constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the Notes in any jurisdiction in which such offer, solicitation or sale would be unlawful. Recipients of the Prospectus who intend to subscribe for or purchase the Notes are reminded that any subscription or purchase may only be made on the basis of the information contained in the final prospectus. The Prospectus may only be communicated in France to (i) persons providing investment services relating to portfolio management for the account of third parties (*personnes fournissant le service d'investissement de gestion de portefeuille pour compte de tiers*) and/or (ii) qualified investors (*investisseurs qualifiés*) acting for their own account as defined in, and in accordance with, Articles L.411-1, L.411-2 and D.411-1 of the French *Code monétaire et financier*.

The Prospectus has been sent to you in an electronic form. You are reminded that documents transmitted via this medium may be altered or changed during the process of electronic transmission and consequently none of the Managers or any person who controls it nor any director, officer, employee nor agent of it or affiliate of any such person

accepts any liability or responsibility whatsoever in respect of any difference between the Prospectus distributed to you in electronic format and the hard copy version of the Prospectus available to you on request from the Managers.

This Prospectus is only being distributed to, and is only directed at, persons in the United Kingdom who are “qualified investors” as defined in Section 86(7) of the Financial Services and Markets Act 2000, as amended (the “**FSMA**”) or otherwise in circumstances which do not require the publication by the Issuer of a prospectus pursuant to section 85 of the FSMA. In the United Kingdom, this Prospectus is only being distributed to, and is only directed at, and any investment or investment activity to which this Prospectus relates is available only to, and will be engaged in only with, persons (i) having professional experience in matters relating to investments who fall within the definition of “investment professionals” in Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (the “Order”); or (ii) who are high net worth entities falling within Article 49(2)(a) to (d) of the Order, or other persons to whom it may otherwise be lawfully communicated (all such persons together being referred to as “relevant persons”). Persons who are not relevant persons should not take any action on the basis of this Prospectus and should not act or rely on it.

This Prospectus may only be distributed in the Republic of Italy (i) to qualified investors (*investitori qualificati*), as defined pursuant to Article 100, first paragraph, letter a) of Legislative Decree No. 58 of 24 February 1998, as amended (the “**Financial Services Act**”) and Article 34-*ter*, first paragraph, letter b) of CONSOB Regulation No. 11971 of 14 May 1999, as amended (“**Regulation No. 11971**”); or (ii) in any other circumstances where an express exemption from compliance with the restrictions on offers to the public applies, including, without limitation, as provided under Article 100 of the Financial Services Act and Article 34-*ter* of Regulation No. 11971. No person resident or located in the Republic of Italy other than the original recipients of this document may rely on it or its contents.

You are reminded that documents transmitted in electronic form by e-mail may be altered or changed during the process of electronic transmission.

**€2,000,000,000 Subordinated 2.625 per cent. Notes due 17 March 2027****Issue Price: 99.969% per cent.**

Crédit Agricole S.A. (the "**Issuer**") is offering €2,000,000,000 subordinated 2.625 per cent. notes maturing on 17 March 2027 (the "**Notes**").

The Notes will be issued on 17 March 2015 (the "**Issue Date**") and will bear interest at a rate of 2.625 per cent. *per annum* from (and including) the Issue Date, payable annually in arrear on 17 March of each year, beginning on 17 March 2016, to (but excluding) the Maturity Date (as defined below) as further described in "*Terms and Conditions of the Notes – Interest*" of this prospectus (the "**Prospectus**").

Unless previously redeemed or purchased and cancelled, the Notes will be redeemed at par on 17 March 2027 (the "**Maturity Date**"). The Issuer may, at its option (subject to approval by the Relevant Regulator), redeem all, but not some only, of the Notes at any time at their outstanding principal amount plus accrued interest upon the occurrence of a Tax Event or a Capital Event (each as defined in "*Terms and Conditions of the Notes – Interpretation*").

The Notes will be issued in denominations of €100,000 and integral multiples of €1,000 in excess thereof. The Notes will be issued in bearer form and will initially be represented by Global Notes, without interest coupons, which will be deposited on or around the Issue Date with a common depositary for Euroclear Bank S.A./N.V. ("**Euroclear**") and Clearstream Banking, société anonyme ("**Clearstream, Luxembourg**").

Definitive Notes will only be issued in limited circumstances.

This Prospectus constitutes a prospectus for the purposes of Article 5.3 of Directive 2003/71/EC of the European Parliament and of the Council dated 4 November 2003, as amended, which includes the amendments made by Directive 2010/73/EU of the European Parliament and of the Council dated 24 November 2010 (the "**Prospectus Directive**").

Application has been made to list and admit to trading the Notes, as of their Issue Date on the regulated market of Euronext in Paris ("**Euronext Paris**"). Euronext Paris is a regulated market within the meaning of the Directive 2004/39/EC of the European Parliament and of the Council dated 21 April 2004, as amended.

The Notes are expected to be rated Baa3 by Moody's Investors Service Ltd ("**Moody's**"), BBB by Standard & Poor's Credit Market Services France SAS ("**S&P**") and A- by Fitch France S.A.S. ("**Fitch**"). Each of Moody's, S&P and Fitch is established in the European Union ("**EU**") and is registered under Regulation (EC) No. 1060/2009 (as amended) (the "**CRA Regulation**") and is included in the list of credit rating agencies registered in accordance with the CRA Regulation as of the date of this Prospectus. This list is available on the ESMA website at www.esma.europa.eu/page/List-registered-and-certified-CRAs (list last updated on 12 December 2014). A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating agency.

Investing in the Notes involves certain risks. See "*Risk Factors*" beginning on page 25 below for risk factors relevant to an investment in the Notes.

Copies of this Prospectus are available on the websites of the AMF (www.amf-france.org) and of the Issuer (www.credit-agricole.com) and may be obtained, without charge on request, at the principal office of the Issuer during normal business hours. Copies of all documents incorporated by reference in this Prospectus are available (i) on the website of the AMF (www.amf-france.org) and (ii) on the website of the Issuer (www.credit-agricole.com) and may be obtained, without charge on request, at the principal office of the Issuer during normal business hours.

In accordance with Articles L.412-1 and L.621-8 of the French *Code monétaire et financier* and its General Regulations (*Règlement général*), in particular Articles 211-1 to 216-1, the AMF has granted to this Prospectus the visa n°15-084 on 10 March 2015. This Prospectus has been prepared by the Issuer and its signatories assume responsibility for it. In accordance with Article L.621-8-1-I of the French *Code monétaire et financier*, the visa has been granted following an examination by the AMF of "whether the document is complete and comprehensible, and whether the information in it is coherent." It does not imply that the AMF has verified the accounting and financial data set out in it and the appropriateness of the issue of the Notes.

Sole Bookrunner and Global Coordinator

Crédit Agricole CIB

Joint Lead Managers

Banca IMI

Lloyds Bank

Nordea

Santander Global Banking & Markets

UniCredit Bank

The date of this Prospectus is 10 March 2015.

This Prospectus has been prepared for the purpose of giving information with respect to the Issuer and the Crédit Agricole Group (as defined below) as well as the Notes which is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of the Issuer.

None of the Managers has independently verified the information contained in this Prospectus. Accordingly, the Managers do not make any representation, express or implied, or accept any responsibility, with respect to the accuracy or completeness of any of the information contained or incorporated by reference in this Prospectus. Neither this Prospectus nor any other information supplied in connection with the offering of the Notes is intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by, or on behalf of, the Issuer or the Managers that any recipient of this Prospectus or any other financial statements should purchase the Notes.

No person is authorised to give any information or to make any representation related to the issue, offering or sale of the Notes not contained in this Prospectus. Any information or representation not so contained herein must not be relied upon as having been authorised by, or on behalf of, the Issuer or the Managers. The delivery of this Prospectus or any offering or sale of Notes at any time does not imply (i) that there has been no change with respect to the Issuer or the Crédit Agricole Group, since the date hereof and (ii) that the information contained or incorporated by reference in it is correct as at any time subsequent to its date. None of the Managers undertakes to review the financial or general condition of the Issuer during the life of the arrangements contemplated by this Prospectus nor to advise any investor or prospective investor in the Notes of any information coming to its attention.

The Prospectus and any other information relating to the Issuer or the Notes should not be considered as an offer, an invitation, a recommendation by any of the Issuer or the Managers to subscribe or purchase the Notes. Each prospective investor of Notes should determine for itself the relevance of the information contained in this Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. Investors should review, inter alia, the documents incorporated by reference into this Prospectus (see "Incorporation by Reference" below) when deciding whether or not to subscribe for or to purchase the Notes. Investors should in particular conduct their own analysis and evaluation of risks relating to the Issuer, the Crédit Agricole Group, their business, their financial condition and the issued Notes and consult their own financial or legal advisers about risks associated with an investment in the Notes and the suitability of investing in the Notes in light of their particular circumstances. Potential investors should read carefully the section entitled "Risk Factors" set out in this Prospectus before making a decision to invest in the Notes.

The distribution of this Prospectus and the offering or the sale of the Notes in certain jurisdictions may be restricted by law or regulation. Neither the Issuer, nor the Managers represent that this Prospectus may be lawfully distributed, or that any Notes may be lawfully offered or sold, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution, offering or sale. In particular, no action has been taken by the Issuer or the Managers which is intended to permit a public offering of any Notes or distribution of this Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Note may be offered or sold, directly or indirectly, and neither this Prospectus nor any offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Prospectus comes are required by the Issuer and the Managers to inform themselves about and to observe any such restrictions. For a further description of certain restrictions on offers and sales of Notes and distribution of this Prospectus and of any other offering material relating to the Notes, see "Subscription and Sale" below.

*The Notes have not been and will not be registered under the U.S. Securities Act of 1933 as amended (the "**Securities Act**"). The Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act ("**Regulation S**")) except in accordance with Regulation S.*

In this Prospectus, references to "euro", "EUR" and "€" refer to the lawful currency of the European Union introduced at the start of the third stage of European economic and monetary union on January 1, 1999 pursuant to the Treaty establishing the European Community (signed in Rome on March 25, 1957), as amended by the Treaty on European Union and as amended by the Treaty of Amsterdam.

PERSON RESPONSIBLE FOR THE INFORMATION CONTAINED IN THE PROSPECTUS

Olivier Bélorgey, *Directeur de la Gestion Financière* of Crédit Agricole S.A.

Declaration by the person responsible for the Prospectus

To the best of my knowledge (having taken all reasonable care to ensure that such is the case), I hereby certify that the information contained in this Prospectus is in accordance with the facts and contains no omission likely to affect its import.

The consolidated and non-consolidated financial statements for the year ended 31 December 2013 of Crédit Agricole S.A. are the subject of reports by the statutory auditors appearing on pages 477 to 478 and 533 to 534 of the RD, which each contain one observation. The consolidated financial statements for the year ended 31 December 2013 of the Crédit Agricole Group are the subject of a report by the statutory auditors appearing on pages 278 to 279 of the A.01, which contains one observation.

The interim condensed consolidated financial statements for the semester ended 30 June 2014 of Crédit Agricole S.A. are the subject of a report by the statutory auditors. The report which is reproduced on pages 226 to 227 of the A.03, contains one observation. The interim condensed consolidated financial statements for the semester ended June 30, 2014 of the Crédit Agricole Group are the subject of a report by the statutory auditors appearing on pages 1 to 3 of the Consolidated Financial Statements 1H2014 of the Crédit Agricole Group that contains one observation.

Crédit Agricole S.A.

12 place des Etats-Unis
92127 Montrouge Cedex
France

Duly represented by:

Olivier Bélorgey,
Directeur de la Gestion Financière
on 10 March 2015

CERTAIN TERMS USED IN THIS PROSPECTUS

When used in this Prospectus, the terms “**Crédit Agricole S.A.**” and the “**Issuer**” refer to the issuer of the Notes, Crédit Agricole S.A. The “**Crédit Agricole S.A. Group**” refers to Crédit Agricole S.A. and its consolidated subsidiaries and associates. The “**Crédit Agricole Group**” refers to Crédit Agricole S.A., the *Caisses Régionales de Crédit Agricole* (the “**Regional Banks**”), the *Caisses Locales de Crédit Agricole* (the “**Local Banks**”) and their respective consolidated subsidiaries, collectively.

INCORPORATION BY REFERENCE

This Prospectus should be read and construed in conjunction with the following documents, which have been previously published and have been filed with the AMF and shall be incorporated in, and form part of, this Prospectus (the “**Documents Incorporated by Reference**”):

- 1 the French version of the audited consolidated financial statements of the Crédit Agricole S.A. Group for fiscal year 2011 and related notes and audit report (the “**Consolidated Financial Statements 2011 for the Crédit Agricole S.A. Group**”), which are extracted from the Issuer’s 2011 Registration Document filed with the AMF on 15 March 2012 under no. D.12-0160¹;
- 2 the French version of the audited consolidated financial statements of the Crédit Agricole Group for fiscal year 2011 and related notes and audit report (the “**Consolidated Financial Statements 2011 for the Crédit Agricole Group**”), which are extracted from the update A.01 to the Issuer’s 2011 Registration Document filed with the AMF on 27 March 2012 under no. D.12-0160-A.01²;
- 3 the French version of the audited consolidated financial statements of the Crédit Agricole S.A. Group for fiscal year 2012 and related notes and audit report (the “**Consolidated Financial Statements 2012 for the Crédit Agricole S.A. Group**”), which are extracted from the Issuer’s 2012 Registration Document filed with the AMF on 15 March 2013 under no. D.13-0141³;
- 4 the French version of the audited consolidated financial statements of the Crédit Agricole Group for fiscal year 2012 and related notes and audit report (the “**Consolidated Financial Statements 2012 for the Crédit Agricole Group**”), which are extracted from the update A.01 to the Issuer’s 2012 Registration Document filed with the AMF on 3 April 2013 under no. D.13-0141-A.01⁴;
- 5 the French version of the Issuer’s 2013 Registration Document which was filed with the AMF on 21 March 2014 under no. D.14-0183 (the “**RD**”) ⁵;
- 6 the French version of the Issuer’s 2014 Update A.01 to the RD which was filed with the AMF on 28 March 2014 under no. D.14-0183-A.01 (the “**A.01**”) ⁶;
- 7 the French version of the Issuer’s 2014 Update A.02 to the RD which was filed with the AMF on 7 May 2014 under no. D.14-0183-A.02 (the “**A.02**”) ⁷;
- 8 the French version of the Issuer’s 2014 Update A.03 to the RD which was filed with the AMF on 8 August 2014 under no. D.14-0183-A.03 (the “**A.03**”) ⁸;

¹ Free English translation of the Consolidated Financial Statements 2011 for the Crédit Agricole S.A. Group can be found on pages 255 to 382 of the Issuer’s 2011 Registration Document and the related audit report can be found on page 383 to 384 of the Issuer’s 2011 Registration Document, which may be obtained from the website of the Issuer (<http://www.credit-agricole.com/en/Investor-and-shareholder>). For ease of reference, the page numbering of the free English translation of the Issuer’s 2011 Registration Document is identical to the French version.

- (O) the statement by Mr. Jean-Paul Chifflet, Directeur Général of the Issuer on page 259 of the A.03 referring to the “*lettre de fin de travaux*” of the statutory auditors shall not be deemed incorporated herein;
- (P) the inside cover page of the A.04 shall not be deemed incorporated herein; and
- (Q) the statement by Mr. Jean-Paul Chifflet, Directeur Général of the Issuer on page 65 of the A.04 referring to the “*lettre de fin de travaux*” of the statutory auditors shall not be deemed incorporated herein.

Any statement contained in a Document Incorporated by Reference shall be modified or superseded for the purpose of this Prospectus to the extent that a statement contained herein (or in any later Document Incorporated by Reference) modifies or supersedes such earlier statement (whether expressly, by implication or otherwise); any statement so modified or superseded shall not, except as so modified or superseded, constitute a part of this Prospectus. In particular, the discussion herein under the heading “*2016 Medium-Term Plan*” supersedes the discussion in Section 4 of the RD under the heading “*Presentation of Medium-Term Plan on March 20, 2014,*” which does not constitute a part of this Prospectus.

The Documents Incorporated by Reference are available for inspection at the specified offices of each of the Paying Agents, in each case at the address given at the end of this Prospectus, and are available on the website of the AMF (www.amf-france.org) and on the website of the Issuer (www.credit-agricole.com).

The free English translations of the Documents Incorporated by Reference are not incorporated by reference herein.

CROSS-REFERENCE TABLE

The following table cross-references the pages of the Documents Incorporated by Reference with the main heading required under Annex XI of the Commission Regulation (EC) No. 809/2004 implementing the Prospectus Directive.

Any information not listed in the cross-reference list below but included in the Documents Incorporated by Reference is provided for information purposes only.

PRESENTATION OF FINANCIAL INFORMATION

In this Prospectus, references to “euro,” “EUR” and “€” refer to the lawful currency of the European Union introduced at the start of the third stage of European economic and monetary union on January 1, 1999 pursuant to the Treaty establishing the European Community (signed in Rome on March 25, 1957), as amended by the Treaty on European Union and as amended by the Treaty of Amsterdam.

The audited consolidated financial information as at 31 December 2013, 2012 and 2011 and for the years then ended, and the unaudited consolidated financial information as at and for the year ended 31 December 2014 and 2013 (restated), for the Crédit Agricole Group and the Crédit Agricole S.A. Group, have been prepared in accordance with IAS/IFRS and IFRIC as adopted by the European Union (carve-out version), thus using certain exceptions in the application of IAS 39 on macro-hedge accounting. Certain financial information presented in the documents incorporated by reference constitute non-GAAP financial measures, which exclude certain items contained in the nearest IFRS financial measure or which include certain amounts that are not contained in the nearest IFRS financial measure.

Due to rounding, the numbers presented throughout this Prospectus may not add up precisely, and percentages may not reflect precisely absolute figures.

Consolidated Financial Statement Restatements

2012 Restatements

The Consolidated Financial Statements 2012 for the Crédit Agricole S.A. Group and the Consolidated Financial Statements 2012 for the Crédit Agricole Group were restated in 2013 to reflect a change in the valuation of certain complex derivatives, treasury bills and unsubordinated fixed income securities. See footnote (1) to the consolidated income statement of the Crédit Agricole S.A. Group for the year ended 31 December 2012 and 2013, and footnotes (1) and (2) to the consolidated balance sheet of the Crédit Agricole S.A. Group for the year ended 31 December 2012 and 2013, each contained in the RD, for a more detailed description and a quantification at the level of the Crédit Agricole S.A. Group.

The restated 2012 figures also reflect the reclassification of certain entities as discontinued operations, as described in Note 2.1.1 to the 2013 consolidated financial statements set forth in the RD.

Since 31 December 2013, the derivative instruments handled by Crédit Agricole CIB with clearing houses that meet the two criteria required by IAS 32 have been offset on the balance sheet. This correction in presentation reduces the size of the consolidated balance sheet but has no impact on the consolidated income statement or consolidated net assets. The 2012 figures included in the comparative column of the 2013 balance sheet have been retrospectively adjusted. The impact of netting comes to €225,690 million at 31 December 2012.

2013 Restatements

As more fully described in Notes 1.1 and 11 to the Unaudited Consolidated Financial Statements 2014 for the Crédit Agricole S.A. Group, the consolidation standards IFRS 10, 11 and 12 and IAS 28 amended came into effect on 1 January 2014 and apply retrospectively. The consolidated financial statements of the Crédit Agricole S.A. Group as of and for the year ended 31 December 2013 and the balance sheet as of 1 January 2013 have been restated to account for the changes in effects of the change in accounting policy pertaining to these new consolidation standards as more fully described in Notes 1.1 and 11 of the Unaudited Consolidated Financial Statements 2014 for the Crédit Agricole S.A. Group. The financial data for 2013 included in the RD, and the financial data for 2012 and 2011 included or incorporated by reference in this Prospectus, have not been restated for the application of these new consolidation standards.

The restated figures as of and for the year ended 31 December 2013 and the balance sheet as of 1 January 2013 also reflect the reclassification of certain entities as discontinued operations, as described in Notes 2 and 11 to the Unaudited Consolidated Financial Statements 2014 for the Crédit Agricole S.A. Group.

Non-GAAP Financial Measures—Certain Adjustments in Figures Presented in 2014 Results Press Release and 2014 Results Presentation

Certain figures set forth in the 2014 Results Press Release and the 2014 Results Presentation are adjusted to exclude the impact on certain income statement items of issuer spread, CVA/DVA, loan hedges and home savings plan provisions. In addition, certain figures therein are adjusted to exclude the impact of the first-time application of the DVA/CVA and FVA, and the impact of Banco Espírito Santo and the revaluation of securities of the Bank of Italy on results of operations for 2014, as described below. These adjusted figures are Non-GAAP Financial Measures and do not represent measures of performance in accordance with IFRS. The Non-GAAP Financial Measures exclude certain amounts, described below, compared to the nearest IFRS figures. The quantitative impact of the home savings account provisions is set forth in Note 6.21 to the Unaudited Consolidated Financial Statements 2014 of the Crédit Agricole S.A. Group. The quantitative impact of the remaining adjustments in respect of Non-GAAP Financial Measures on net banking income and net income, group share, is set forth on page 50 of the 2014 Results Presentation, which also presents the quantitative impacts of the 2013 restatements for reclassifications of certain entities as discontinued operations, described above.

- *Home Savings Plan Provisions.* Certain entities in the Crédit Agricole Group provide savings accounts and home loans at regulated rates in accordance with French laws designed to support home ownership. The difference between the regulated rates and the rate offered on non-regulated products is provisioned, on the basis of a portion of projected savings and loan balances (which are necessarily uncertain). The impact of the change in the provision is excluded from certain measures presented in the 2014 Results Press Release and the 2014 Results Presentation, because these amounts are based on French accounting rules that do not take into account hedging of the interest risk in accordance with the group's asset and liability management policies.
- *Issuer Spread.* This represents the impact of the credit spread of the Issuer or its affiliates on the fair value adjustment made in respect of certain structured products issued by entities in the Crédit Agricole S.A. Group (primarily Crédit Agricole CIB), and on certain instruments issued by group entities and held by insurance affiliates. The purpose of this adjustment is to show the impact on the results of operations of movements in market parameters, without the impact of the market's perception of the Issuer's own credit quality.
- *DVA/CVA/FVA.* In accordance with IFRS 13, the Crédit Agricole S.A. Group incorporates into fair value the assessment of counterparty risk for derivative assets (Credit Valuation Adjustment or CVA) and, using a symmetrical treatment, the non-performance risk for derivative liabilities (Debt Valuation Adjustment or DVA or own credit risk). See "*Determination of Fair Value of Financial Instruments—Counterparty Risk on Derivatives*" in Note 1 to the Unaudited Consolidated Financial Statements 2014 for the Crédit Agricole S.A. Group. The adjustment for DVA is made for the same reason as the adjustment for issuer spread, referred to above. In addition, IFRS 13 was applied for the first time in 2013 in the Corporate and Investment Banking segment, and the methodology was modified in 2014 in several segments, in each case resulting in a significant one-time impact on the financial statements (referred to in financial communications as DVA/CVA Day One). Finally, in 2014 the valuation of non-collateralized derivatives was adjusted to reflect the financing relating to these instruments, resulting in a one-time adjustment referred to as the Funding Valuation Adjustment, or FVA Day One.
- *Loan Hedges.* This represents the impact on the income statement of the fair value adjustment of hedging instruments (such as credit default swaps) relating to the loan portfolio of the Crédit Agricole Group. The hedges are designed to reduce the exposure of the group to counterparty risk. Because the loan portfolio is accounted for as loans and receivables, no fair value adjustment is recorded in respect of that portfolio. In contrast, a fair value adjustment is recorded in respect of certain of the hedges. The adjustments in the 2014 Results Press Release and the 2014 Results Presentation are intended to show the group's results of operations without the result of the income and loss relating from this divergent accounting treatment.
- *Banco Espírito Santo (BES).* On 3 August 2014, the Bank of Portugal announced that resolution measures would be applied to Banco Espírito Santo S.A. ("**BES**"). The Crédit Agricole S.A. Group accordingly wrote down the total value of its holding in BES at 30 June 2014. In addition, following the resignation of its representatives on the Board of BES, the Crédit Agricole S.A. Group ceased

accounting for its interest in BES by the equity method as of 30 September 2014. The adjustments in the 2014 Results Press Release and the 2014 Results Presentation for the first half of 2014 are intended to show the group's results of operations without the impact of the write-down and share of BES's loss for the period during which it was equity accounted.

- *Bank of Italy.* An Italian law that took effect on 29 January 2014 substantially changed the nature of securities of the Bank of Italy held by Italian banks. Because of this change, the interest of the Cariparma group in the capital of the Bank of Italy was considered to have been exchanged for new securities, resulting in the recording of a capital gain. Because of the unusual nature of this transaction, the capital gain (net of tax, where applicable) has been excluded from certain measures in the 2014 Results Press Release and the 2014 Results Presentation.

OVERVIEW

The following overview is qualified in its entirety by the remainder of this Prospectus, including all information incorporated by reference herein.

The Issuer

Crédit Agricole S.A. is the lead bank of the Crédit Agricole Group, which is France's largest banking group, and one of the largest in the world based on shareholders' equity. As at 31 December 2014, Crédit Agricole S.A. had €1,589 billion of total consolidated assets, €50.1 billion in shareholders' equity (excluding minority interests), €474.0 billion in customer deposits and €1,256 billion in assets under management.

Crédit Agricole S.A., formerly known as the *Caisse Nationale de Crédit Agricole* ("**CNCA**"), was created by public decree in 1920 to distribute advances to and monitor a group of regional mutual banks known as the *Caisses Régionales* (or "**Regional Banks**") on behalf of the French State. In 1988, the French State privatized CNCA in a mutualization process, transferring most of its interest in CNCA to the Regional Banks. In 2001, Crédit Agricole S.A. was listed on Euronext Paris. At the time of the listing, Crédit Agricole S.A. acquired 25% interests in all Regional Banks except the Caisse Régionale of Corsica (Crédit Agricole S.A. acquired 100% of the Caisse Régionale of Corsica in 2008). As of 31 December 2014, there were 39 Regional Banks, including the Caisse Régionale of Corsica (wholly-owned by Crédit Agricole S.A.), and 38 Regional Banks in each of which Crédit Agricole S.A. holds approximately 25% interests.

Crédit Agricole S.A. acts as the Central Body (*Organe Central*) of the Crédit Agricole network, which is defined by French law to include primarily Crédit Agricole S.A., the Regional Banks and the Local Banks and also other affiliated members (primarily Crédit Agricole CIB). Crédit Agricole S.A. coordinates the Regional Banks' commercial and marketing strategy, and through its specialized subsidiaries, designs and manages financial products that are distributed primarily by the Regional Banks and LCL. In addition, Crédit Agricole S.A., as part of its duties as the Central Body of the Crédit Agricole network, acts as "central bank" to the network with regard to refinancing, supervising and reporting to the regulatory authorities, and reviews and monitors the credit and financial risks of all network members and affiliated members.

Pursuant to Article L.511-31 of the French Monetary and Financial Code, as the Central Body of the Crédit Agricole network, Crédit Agricole S.A. must take any necessary measure to guarantee the liquidity and solvency of each member of the network, of affiliated members, and of the network as a whole. Each member of the network (including Crédit Agricole S.A.), and each affiliated member, benefits from this financial support mechanism. In addition, the Regional Banks guarantee, through a joint and several guarantee, all of the obligations of Crédit Agricole S.A. to third parties, should the assets of Crédit Agricole S.A. be insufficient after its liquidation or dissolution. The potential liability of the Regional Banks under this guarantee is equal to the aggregate of their share capital, reserves and retained earnings. Through these mutual support mechanisms, the levels of risk incurred by creditors of Crédit Agricole S.A. and by those of the rest of the network and affiliated members are identical. As a result, identical senior unsecured debt credit ratings have been assigned to the senior debt issues of Regional Banks and Crédit Agricole S.A.

The Crédit Agricole S.A. Group operates through six business lines.

Two of the business lines consist of retail banking networks. The first consists of the Regional Banks, 38 of which are approximately 25% owned by Crédit Agricole S.A. (through equity-accounted, non-voting shares) and one of which, the *Caisse Régionale* of Corsica, is fully consolidated. The second consists of the LCL retail banking network, which is fully consolidated. In addition to retail banking services, the two networks offer products furnished by Crédit Agricole S.A.'s fully consolidated subsidiaries in life and non-life insurance, asset management, consumer credit, leasing, payment and factoring services.

The other four business lines include subsidiaries of Crédit Agricole S.A. that conduct the following businesses:

- (i) *International retail banking*: The Crédit Agricole S.A. Group's international retail banking segment reflects its international expansion through acquisitions in Europe and the Mediterranean Basin (in particular in Italy, and also, to a smaller extent, Serbia, Ukraine, Poland, Morocco and Egypt);

- (ii) *Specialized financial services*: Crédit Agricole S.A.'s specialized financial services segment includes consumer credit and specialized financing to businesses in the form of factoring and lease finance;
- (iii) *Savings management and insurance*: Through its savings management and insurance segment, which includes Amundi (an asset manager 80% owned by the Crédit Agricole Group and 20% owned by Société Générale), the Crédit Agricole S.A. Group is the leading mutual fund manager and insurance provider by written premiums in France and offers international private banking services; and
- (iv) *Corporate and investment banking*: The Crédit Agricole S.A. Group's corporate and investment banking segment conducts both financing activities and capital markets and investment banking activities.

Regulatory Capital Ratios

The Crédit Agricole Group's phased Common Equity Tier 1 ratio as of 31 December 2014 was 13.1%, its phased total Tier 1 ratio was 14.8% and its phased overall solvency (Tier 1 and Tier 2) ratio was 18.4%. Crédit Agricole S.A.'s phased Common Equity Tier 1 ratio as of the same date was 10.4%, its phased total Tier 1 ratio was 13.7% and its phased overall solvency (Tier 1 and Tier 2) ratio was 19.6%

As of 31 December 2014, the Crédit Agricole Group's fully-loaded Common Equity Tier I ratio was estimated at 13.1%. As of the same date, the consolidated fully-loaded Common Equity Tier I ratio of Crédit Agricole S.A. was estimated at 10.4%.

A "**fully-loaded**" ratio means a ratio that fully takes into account regulatory requirements that are to be phased in during future periods, and that therefore are not currently applicable. A "**phased**" ratio takes into account these requirements as and when they become applicable.

Recent Developments

Philippe Brassac appointed Chief Executive Officer of Crédit Agricole S.A.

Announcement of 24 February 2015

At its meeting of 24 February 2015, the Board of Directors of Crédit Agricole S.A., on the proposal of its Chairman Jean-Marie Sander and on the basis of the opinion of the Appointments and Corporate Governance Committee, appointed Philippe Brassac as Chief Executive Officer of Crédit Agricole S.A. He will take up his position following the general shareholders' meeting of 20 May 2015.

Philippe Brassac declared he will propose to the Board of Directors following Crédit Agricole S.A. general shareholders' meeting that Xavier Musca, Deputy Chief Executive Officer of Crédit Agricole S.A., be appointed as second executive director of Crédit Agricole S.A., within the meaning of the CRD IV directive.

Philippe Brassac is Chief Executive Officer of the Caisse Régionale Provence Côte d'Azur. Since January 2010, he has been General Secretary of Fédération Nationale du Crédit Agricole, ViceChairman of SAS Rue La Boétie and Vice-Chairman of Crédit Agricole SA's Board of Directors.

Crédit Agricole S.A. CFO Bernard Delpit to step down in May

Announcement of 23 February 2015

On 23 February 2015, Crédit Agricole S.A. announced that its Chief Financial Officer, Bernard Delpit, plans to step down in May 2015.

SELECTED FINANCIAL INFORMATION

Investors should read the following selected consolidated financial and operating data of the Crédit Agricole S.A. Group together with the section entitled “*Operating and Financial Information*” in the RD, the information set forth in the 2014 Results Press Release and the 2014 Results Presentation and the historical consolidated financial statements of the Crédit Agricole S.A. Group, the related notes thereto and the other financial information included or incorporated by reference in this Prospectus. Such financial statements have been prepared in accordance with International Financial Reporting Standards, as adopted in the European Union.

The financial data shown in the tables below for 2012 has been restated to reflect a change in the valuation of certain complex derivatives, treasury bills and unsubordinated fixed income securities. The financial data shown in the tables below for 2013 has been restated to reflect the effects of the change in accounting policy pertaining to the new consolidation standards presented in Notes 1 and 11 to the Unaudited Consolidated Financial Statements 2014 of the Crédit Agricole S.A. Group. In addition, the financial data for 2012 and 2013 have been restated to reflect the reclassification of certain entities under IFRS 5. See “*Presentation of Financial Information*.”

(2) Restated for the reclassification pursuant to IFRS 5 of Crelan.

(3) Restated to account for the effects of the change in accounting policy pertaining to new consolidation standards presented in Notes 1 and 11 to the Unaudited Consolidated Financial Statements 2014 of the Crédit Agricole S.A. Group.

RISK FACTORS

Prior to making an investment decision, prospective investors should consider carefully all of the information set out and incorporated by reference in this Prospectus, including in particular the following risk factors. This section is not intended to be exhaustive and prospective investors should make their own independent evaluations of all risk factors and also read the detailed information set out elsewhere in this Prospectus. Terms defined in "Terms and Conditions of the Notes" shall have the same meaning where used below.

Risks Relating to the Issuer and its Operations

The Issuer is subject to several categories of risks inherent in banking activities.

There are four main categories of risks inherent in the activities of the Issuer, which are summarized below. The risk factors that follow elaborate on or give specific examples of these different types of risks, and describe certain additional risks faced by the Issuer.

- **Credit Risk.** Credit risk is the risk of financial loss relating to the failure of a counterparty to honor its contractual obligations. The counterparty may be a bank, a financial institution, an industrial or commercial enterprise, a government and its various entities, an investment fund, or a natural person. Credit risk arises in lending activities and also in various other activities where the Issuer is exposed to the risk of counterparty default, such as its trading, capital markets, derivatives and settlement activities. Credit risk also arises in connection with the Issuer's factoring businesses, although the risk relates to the credit of the counterparty's customers, rather than the counterparty itself.
- **Market and Liquidity Risk.** Market risk is the risk to earnings that arises primarily from adverse movements of market parameters. These parameters include, but are not limited to, foreign exchange rates, bond prices and interest rates, securities and commodities prices, derivatives prices, credit spreads on financial instruments and prices of other assets such as real estate. Liquidity is also an important component of market risk. In instances of little or no liquidity, a market instrument or transferable asset may not be negotiable at its estimated value (as was the case for some categories of assets in the recent disrupted market environment). A lack of liquidity can arise due to diminished access to capital markets, withdrawal of deposits by customers, unforeseen cash or capital requirements or legal restrictions.

Market risk arises in trading portfolios and in non-trading portfolios. In non-trading portfolios, it encompasses:

- the risk associated with asset and liability management, which is the risk to earnings arising from asset and liability mismatches in the banking book or in the insurance business. This risk is driven primarily by interest rate risk;
 - the risk associated with investment activities, which is directly connected to changes in the value of invested assets within securities portfolios, which can be recorded either in the income statement or directly in shareholders' equity; and
 - the risk associated with certain other activities, such as real estate, which is indirectly affected by changes in the value of negotiable assets.
- **Operational Risk.** Operational risk is the risk of losses due to inadequate or failed internal processes, or due to external events, whether deliberate, accidental or natural occurrences. Internal processes include, but are not limited to, human resources and information systems, risk management and internal controls (including fraud prevention). External events include floods, fires, windstorms, earthquakes or terrorist attacks.
 - **Insurance Risk.** Insurance risk is the risk to earnings due to mismatches between expected and actual claims. Depending on the insurance product, this risk is influenced by macroeconomic changes, changes in customer behavior, changes in public health, pandemics, accidents and catastrophic events (such as earthquakes, windstorms, industrial disasters, or acts of terrorism or war).

Recent economic and financial conditions in Europe have had and may continue to have an impact on the Crédit Agricole Group and the markets in which it operates.

European markets have recently experienced significant disruptions that have affected economic growth. Initially originating from concerns regarding the ability of certain countries in the euro-zone to refinance their debt obligations, these disruptions have created uncertainty more generally regarding the near-term economic prospects of countries in the European Union, as well as the quality of debt obligations of sovereign debtors in the European Union. There has also been an indirect impact on financial markets in Europe and worldwide. Most recently, political developments in Greece have created renewed uncertainty regarding the economic situation in the Eurozone.

The Issuer has been affected by the spread of the euro-zone crisis, which has affected most countries in the euro-zone, including its home market of France. The credit ratings of French sovereign obligations were downgraded by certain rating agencies in recent years, in some cases resulting in the mechanical downgrading of the credit ratings by the same agencies of French commercial banks' senior and subordinated debt issues, including those of the Issuer. In addition, the crisis has had a particularly significant impact in certain European countries, particularly in Italy, where the Issuer has significant banking activities.

The Issuer has recorded large impairment charges in respect of sovereign bonds, loan portfolios and equity investments, as well as increased cost of risk, in the most significantly affected countries, including Greece, Italy and Portugal. For example, the Issuer has recorded high costs in respect of its equity investment in a Portuguese bank, as well as goodwill impairment and restructuring charges in respect of its corporate and investment banking subsidiary, in respect of its consumer finance subsidiaries both in France and Italy, and in respect of its Italian retail banking subsidiary. If conditions deteriorate in the future, the markets in which the Issuer operates could be more significantly disrupted, and its business, results of operations and financial condition could be adversely affected.

The Issuer also has significant activities in Central and Eastern Europe, including in countries that are experiencing market disruptions resulting from recent political developments. The Issuer conducts full service banking activities in Ukraine through its wholly-owned subsidiary, Crédit Agricole Ukraine. In addition, the Issuer's loan portfolio includes significant exposure in Russia. If conditions in these countries were to continue to deteriorate, including as a result of international sanctions affecting the economies of these countries, then the Issuer's business, results of operations and financial condition could be adversely affected.

Legislative action and regulatory measures in response to the global financial crisis may materially impact the Crédit Agricole Group and the financial and economic environment in which it operates.

Legislation and regulations have recently been enacted or proposed with a view to introducing a number of changes, some permanent, in the global financial environment. While the objective of these new measures is to avoid a recurrence of the global financial crisis, the impact of the new measures could be to change substantially the environment in which the Crédit Agricole Group and other financial institutions operate.

The measures that have been or may be adopted include more stringent capital and liquidity requirements (particularly for large global institutions and groups such as the Crédit Agricole Group), taxes on financial transactions, limits or taxes on employee compensation over specified levels, limits on the types of activities that commercial banks can undertake (particularly proprietary trading and investment and ownership in private equity funds and hedge funds) or new ring-fencing requirements relating to certain activities, enhanced prudential standards applicable to large non-U.S.-based banking organizations, restrictions on the types of entities permitted to conduct swaps activities, restrictions on certain types of financial activities or products such as derivatives, mandatory write-downs or conversions into equity of certain debt instruments, enhanced recovery and resolution regimes, revised risk-weighting methodologies (particularly with respect to insurance businesses) and the creation of new and strengthened regulatory bodies, including the transfer of certain supervisory functions to the European Central Bank ("ECB"), which became effective on 4 November 2014. Some of the new measures are proposals that are under discussion and that are subject to revision and interpretation, and need adapting to each country's framework by national regulators. For further information, see "Government Supervision and Regulation of Credit Institutions in France."

As a result of some of these measures, the Crédit Agricole Group has reduced, and may further reduce, the size of certain of its activities in order to allow it to comply with the new requirements. These measures may also increase compliance costs. This could lead to reduced consolidated revenues and profits in the relevant activities, the reduction or sale of certain operations and asset portfolios, and asset-impairment charges.

Certain of these measures may also increase the Issuer's funding costs. For example, on 10 November 2014, the Financial Stability Board has proposed that "Global Systemically Important Banks" (including the Issuer) maintain significant amounts of liabilities that are subordinated (by law, contract or structurally) to certain priority operating liabilities, such as guaranteed or insured deposits. These so-called "TLAC" (or "total loss absorbing capacity") requirements are intended to ensure that losses are absorbed by shareholders and creditors, other than creditors in respect of priority operating liabilities, rather than being borne by government support systems. The TLAC requirements will, if adopted and implemented in France, apply in addition to capital requirements applicable to the Issuer. They could require the Issuer to change the way in which it manages its funding operations and increase the Issuer's financing costs. Because the TLAC requirements are currently proposals, it is possible that they will evolve in a manner that further increases the Issuer's costs before they are finally adopted.

Moreover, the general political environment has evolved unfavorably for banks and the financial industry, resulting in additional pressure on legislative and regulatory bodies to adopt more stringent regulatory measures, despite the fact that these measures can have adverse consequences on lending and other financial activities, and on the economy. Because of the continuing uncertainty regarding the new legislative and regulatory measures, it is not possible to predict what impact they will have on the Crédit Agricole Group.

The Crédit Agricole Group recently became subject to the financial supervision of the European Central Bank.

Since 4 November 2014, the Crédit Agricole Group, along with all other significant financial institutions in the Eurozone, has become subject to direct supervision by the ECB, which assumed the supervisory functions previously performed by French regulators. For further details on the supervision of the Crédit Agricole Group, please refer to the section entitled "*Government Supervision and Regulation of Credit Institutions in France*". It is not yet possible to assess the impact of this new supervisory framework on the Crédit Agricole Group. While the ECB will implement substantially the same supervisory framework as the former regulators, the supervisory practices and procedures of the ECB may prove to be more onerous or costly than those applied to the Crédit Agricole Group in the past.

The Crédit Agricole Group may not realise the objectives in its 2016 Medium-Term Plan.

On 20 March 2014, the Crédit Agricole Group announced its medium-term plan, Crédit Agricole 2016 (the "**2016 Medium-Term Plan**"). The 2016 Medium-Term Plan remains current on an overall basis as of the date of this Prospectus, but it is subject to assumptions and uncertainties. The 2016 Medium-Term Plan contemplates a number of initiatives, including four strategic pillars to sustain growth: (i) transform the group's retail banking business to better serve customers and strengthen the group's position in France; (ii) accelerate revenue synergies across the group, focusing on savings management and insurance; (iii) increase revenue growth in the rest of Europe and (iv) invest in human resources, strengthen group efficiency and mitigate risks. The 2016 Medium-Term Plan, as confirmed, is described in more detail in the section entitled "*2016 Medium-Term Plan*" in this Prospectus.

The 2016 Medium-Term Plan includes a number of financial targets and objectives relating to revenues, expenses, net income and capital adequacy ratios, among other things. These financial targets and objectives were established primarily for purposes of internal planning and allocation of resources, and are based on a number of assumptions with regard to business and economic conditions. The financial targets and objectives do not constitute projections or forecasts of anticipated results.

The actual results of the Crédit Agricole Group are likely to vary (and could vary significantly) from these targets and objectives for a number of reasons, including the materialization of one or more of the risk factors described elsewhere in this section. The plan's success depends on a very large number of initiatives (both significant and modest in scope) within different business units of the Crédit Agricole Group. While many of these could be successful, it is unlikely that all targets will be met, and it is not possible to predict which objectives will and will not be achieved. The 2016 Medium-Term Plan also contemplates significant

investments of approximately €3.7 billion, but if the objectives of the plan are not met, the return on these investments will be less than expected.

If the Crédit Agricole Group does not realise its objectives, its financial condition and results of operations, and the value of the Notes, could be adversely affected.

The Issuer, along with its corporate and investment banking subsidiary, must maintain high credit ratings, or their business and profitability could be adversely affected.

Credit ratings are important to the liquidity of the Issuer and the liquidity of its affiliates that are active in financial markets (principally the corporate and investment banking subsidiary, Crédit Agricole CIB). A downgrade in credit ratings could adversely affect the liquidity and competitive position of the Issuer or Crédit Agricole CIB, increase borrowing costs, limit access to the capital markets or trigger obligations in the Crédit Agricole Group's covered bond program or under certain bilateral provisions in some trading and collateralized financing contracts. The Issuer's long term credit ratings were downgraded several times in recent years, and there can be no assurance that further downgrades will not occur.

The Issuer's cost of obtaining long-term unsecured funding from market investors, and that of Crédit Agricole CIB, is directly related to their credit spreads (the amount in excess of the interest rate of government securities of the same maturity that is paid to debt investors), which in turn depend to a certain extent on their credit ratings. Increases in credit spreads can significantly increase the Issuer's or Crédit Agricole CIB's cost of funding. Changes in credit spreads are continuous, market-driven, and subject at times to unpredictable and highly volatile movements. Credit spreads are also influenced by market perceptions of creditworthiness. In addition, credit spreads may be influenced by movements in the cost to purchasers of credit default swaps referenced to the Issuer's or Crédit Agricole CIB's debt obligations, which are influenced both by the credit quality of those obligations, and by a number of market factors that are beyond the control of the Issuer and Crédit Agricole CIB.

The Issuer's risk management policies, procedures and methods may leave it exposed to unidentified or unanticipated risks, which could lead to material losses.

The Issuer has devoted significant resources to developing its risk management policies, procedures and assessment methods and intends to continue to do so in the future. Nonetheless, its risk management techniques and strategies may not be fully effective in mitigating its risk exposure in all economic market environments or against all types of risk, including risks that it fails to identify or anticipate.

Some of the qualitative tools and metrics used by the Issuer for managing risk are based upon its use of observed historical market behavior. It applies statistical and other tools to these observations to assess its risk exposures. These tools and metrics may fail to predict future risk exposures. These risk exposures could, for example, arise from factors it did not anticipate or correctly evaluate in its statistical models. This would limit its ability to manage its risks and affect its results.

The Issuer is exposed to the credit risk of other parties.

As a credit institution, the Issuer is exposed to the creditworthiness of its customers and counterparties. Credit risk impacts the Issuer's consolidated financial statements when a counterparty is unable to honor its obligations and when the book value of these obligations in the bank's records is positive. The counterparty may be a bank, a financial institution, an industrial or commercial enterprise, a government and its various entities, an investment fund, or a natural person. The level of asset-impairment charges recorded by the Issuer may turn out to be inadequate to cover losses, and the Issuer may have to record significant additional charges for possible bad and doubtful debts in future periods.

The Issuer has significant exposure to counterparties in the oil and gas industry and related sectors. The credit risk associated with this exposure may significantly increase as a result of the recent sharp decline in the market price of crude oil. If the financial condition of these counterparties were to deteriorate as a result of the oil price decline (including as a result of defaults by their respective counterparties), the level of asset impairment charges and cost of risk recorded by the Issuer could increase.

Adverse market or economic conditions may cause a decrease in the Issuer's consolidated revenues.

The Issuer's businesses, including its retail banking business, are materially affected by conditions in the financial markets and economic conditions generally in France, Europe and in the other locations around the world where the Issuer operates. Adverse changes in market or economic conditions could create a challenging operating environment for financial institutions in the future. In particular, continued volatility in commodity prices, fluctuations in interest rates, security prices, exchange rates, the specific yield premium on a bond issue, precious metals prices, inter-market correlations and unforeseen geopolitical events could lead to deterioration in the market environment and reduce the Issuer's consolidated revenues.

Due to the scope of its activities, the Issuer may be vulnerable to specific political, macroeconomic and financial environments or circumstances.

The Issuer is subject to country risk, meaning the risk that economic, financial, political or social conditions in a foreign country, especially countries in which it operates, will affect its financial interests. The Issuer monitors country risk and takes it into account in the fair value adjustments and cost of risk recorded in its financial statements. However, a significant change in political or macroeconomic environments may require it to record additional charges or to incur losses beyond the amounts previously written down in its financial statements.

The Issuer faces intense competition.

The Issuer faces intense competition in all financial services markets and for the products and services it offers, including retail banking services. The European financial services markets are relatively mature, and the demand for financial services products is, to some extent, related to overall economic development. Competition in this environment is based on many factors, including the products and services offered, pricing, distribution systems, customer service, brand recognition, perceived financial strength and the willingness to use capital to serve client needs. Consolidation has created a number of firms that, like the Issuer, have the ability to offer a wide range of products, from insurance, loans and deposit taking to brokerage, investment banking and asset management services.

The Issuer may generate lower revenues from its savings management business during market downturns.

The recent market downturn reduced the value of the Issuer's savings management affiliates' clients' portfolios and increased the amount of withdrawals, reducing the revenues it received from its asset management and private banking businesses. Future downturns could have similar effects on its results of operations and financial position.

Even in the absence of a market downturn, below-market performance by its mutual funds and life insurance products may result in increased withdrawals and reduced inflows, which would reduce the revenues the Issuer receives from its asset management and insurance businesses.

The soundness and conduct of other financial institutions and market participants could adversely affect the Issuer.

The Crédit Agricole Group's ability to engage in funding, investment and derivative transactions could be adversely affected by the soundness of other financial institutions or market participants. Financial services institutions are interrelated as a result of trading, clearing, counterparty, funding or other relationships. As a result, defaults by, or even rumors or questions about, one or more financial services institutions, or the loss of confidence in the financial services industry generally, may lead to market-wide liquidity problems and could lead to further losses or defaults. The Crédit Agricole Group has exposure to many counterparties in the financial industry, including brokers and dealers, commercial banks, investment banks, mutual and hedge funds, and other institutional clients with which it regularly executes transactions. Many of these transactions expose the Crédit Agricole Group to credit risk in the event of default or financial distress. In addition, the Crédit Agricole Group's credit risk may be exacerbated when the collateral held by it cannot be realised upon or is liquidated at prices not sufficient to recover the full amount of the loan or derivative exposure due to it.

Protracted market declines can reduce liquidity in the markets, making it harder to sell assets and possibly leading to material losses.

In some of the Issuer's businesses, protracted market movements, particularly asset price declines, can reduce the level of activity in the market or reduce market liquidity. These developments can lead to material losses if the Issuer cannot close out deteriorating positions in a timely way. This may especially be the case for assets the Issuer holds for which there are not very liquid markets to begin with. Assets that are not traded on stock exchanges or other public trading markets, such as derivatives contracts between banks, may have values that the Issuer calculates using models other than publicly-quoted prices. Monitoring the deterioration of prices of assets like these is difficult and could lead to losses that the Issuer did not anticipate.

Significant interest rate changes could adversely affect the Issuer's consolidated revenues or profitability.

The amount of net interest income earned by the Issuer during any given period significantly affects its overall consolidated revenues and profitability for that period. Interest rates are highly sensitive to many factors beyond the Issuer's control. Changes in market interest rates could affect the interest rates charged on interest-earning assets differently than the interest rates paid on interest-bearing liabilities. Any adverse change in the yield curve could cause a decline in the Issuer's net interest income from its lending activities. In addition, increases in the interest rates at which short-term funding is available and maturity mismatches may adversely affect the Issuer's profitability.

A substantial increase in new asset-impairment charges or a shortfall in the level of previously recorded asset-impairment charges in respect of the Issuer's loan and receivables portfolio could adversely affect its results of operations and financial condition.

In connection with its lending activities, the Issuer periodically impairs assets, whenever necessary, to effect actual or potential losses in respect of its loan and receivables portfolio. Corresponding charges are recorded in its profit and loss account under "cost of risk." The Issuer's overall level of such asset-impairment charges is based upon its assessment of prior loss experience, the volume and type of lending being conducted, industry standards, past due loans, economic conditions and other factors related to the recoverability of various loans, or scenario-based statistical methods applicable collectively to all relevant assets. Although the Issuer seeks to establish an appropriate level of asset-impairment charges, its lending businesses may have to increase their charges for loan losses in the future as a result of increases in non-performing assets or for other reasons, such as deteriorating market conditions or factors affecting particular countries or industry sectors. Any significant increase in charges for loan losses or a significant change in the Issuer's estimate of the risk of loss inherent in its portfolio of non-impaired loans, as well as the occurrence of loan losses in excess of the charges recorded with respect thereto, could have an adverse effect on the Issuer's results of operations and financial condition.

Adjustments to the carrying value of the Issuer's securities and derivatives portfolios and the Issuer's own debt could have an impact on its net income and shareholders' equity.

The carrying value of the Issuer's securities and derivatives portfolios and certain other assets, as well as its own debt, in its balance sheet is adjusted as of each financial statement date. Most of the adjustments are made on the basis of changes in fair value of the assets or its debt during an accounting period, with the changes recorded either in the income statement or directly in shareholders' equity. Changes that are recorded in the income statement, to the extent not offset by opposite changes in the value of other assets, affect its consolidated revenues and, as a result, its net income. All fair value adjustments affect shareholders' equity and, as a result, its capital adequacy ratios. The fact that fair value adjustments are recorded in one accounting period does not mean that further adjustments will not be needed in subsequent periods.

The Issuer's hedging strategies may not prevent losses.

If any of the variety of instruments and strategies that the Issuer uses to hedge its exposure to various types of risk in its businesses is not effective, the Issuer may incur losses. Many of its strategies are based on historical trading patterns and correlations. For example, if the Issuer holds a long position in an asset, it may hedge that position by taking a short position in an asset where the short position has historically moved

in a direction that would offset a change in the value of the long position. The Issuer may only be partially hedged, however, or these strategies may not be fully effective in mitigating its risk exposure in all market environments or against all types of risk in the future. Unexpected market developments may also affect the Issuer's hedging strategies. In addition, the manner in which gains and losses resulting from certain ineffective hedges are recorded may result in additional volatility in the Issuer's reported earnings.

The Issuer's ability to attract and retain qualified employees is critical to the success of its business and failure to do so may materially affect its performance.

The Issuer's employees are its most important resource and, in many areas of the financial services industry, competition for qualified personnel is intense. The Issuer's results depend on its ability to attract new employees and to retain and motivate its existing employees. The Issuer's ability to attract and retain qualified employees could potentially be impaired by enacted or proposed legislative and regulatory restrictions on employee compensation in the financial services industry. Changes in the business environment may cause the Issuer to move employees from one business to another or to reduce the number of employees in certain of its businesses. This may cause temporary disruptions as employees adapt to new roles and may reduce the Issuer's ability to take advantage of improvements in the business environment. In addition, current and future laws (including laws relating to immigration and outsourcing) may restrict the Issuer's ability to move responsibilities or personnel from one jurisdiction to another. This may impact its ability to take advantage of business opportunities or potential efficiencies.

Future events may be different from those reflected in the management assumptions and estimates used in the preparation of the Issuer's financial statements, which may cause unexpected losses in the future.

Pursuant to IFRS rules and interpretations in effect as of the date of this Prospectus, the Issuer is required to use certain estimates in preparing its financial statements, including accounting estimates to determine loan loss impairment charges, reserves related to future litigation, and the fair value of certain assets and liabilities, among other items. Should the Issuer's determined values for such items prove substantially inaccurate, or if the methods by which such values were determined are revised in future IFRS rules or interpretations, the Issuer may experience unexpected losses.

An interruption in or breach of the Issuer's information systems may result in lost business and other losses.

As with most other banks, the Issuer relies heavily on communications and information systems to conduct its business. Any failure or interruption or breach in security of these systems could result in failures or interruptions in its customer relationship management, general ledger, deposit, servicing and/or loan organization systems. If, for example, its information systems failed, even for a short period of time, it would be unable to serve in a timely manner some customers' needs and could thus lose their business. Likewise, a temporary shutdown of its information systems, even though it has back-up recovery systems and contingency plans, could result in considerable costs that are required for information retrieval and verification. The Issuer cannot provide assurances that such failures or interruptions will not occur or, if they do occur, that they will be adequately addressed. The occurrence of any failures or interruptions could have a material adverse effect on its financial condition and results of operations.

The international scope of the Crédit Agricole S.A. Group's operations exposes it to risks.

The international scope of the Crédit Agricole S.A. Group's operations exposes it to risks inherent in foreign operations, including the need to comply with multiple and often complex laws and regulations applicable to activities in each of the countries involved, such as local banking laws and regulations, internal control and disclosure requirements, data privacy restrictions, European, U.S. and local anti-money laundering and anti-corruption laws and regulations, sanctions and other rules and requirements. Violations of these laws and regulations could harm the reputation of the Crédit Agricole S.A. Group, result in civil or criminal penalties, or otherwise have a material adverse effect on its business. Although the Crédit Agricole S.A. Group has implemented compliance programs designed to minimize the risk of violation of these laws and regulations, there can be no assurance that all employees, contractors, or agents of the Crédit Agricole S.A. Group will follow the group's policies or that such programs will be adequate to prevent all violations. Crédit Agricole S.A. does not have direct or indirect majority voting control in certain entities with international operations,

and in those cases its ability to require compliance with policies and procedures of the Crédit Agricole S.A. Group may be even more limited.

The Issuer and the Crédit Agricole Group are subject to extensive supervisory and regulatory regimes, which may change.

A variety of regulatory and supervisory regimes apply to the Issuer and its subsidiaries in each of the countries in which the Issuer operates. The Issuer's ability to expand its business or to pursue certain existing activities may be limited by regulatory constraints, including constraints imposed in response to the global financial crisis. In addition, non-compliance with such regimes could lead to various sanctions ranging from fines to withdrawal of authorization to operate. The Crédit Agricole Group's activities and earnings can also be affected by the policies or actions from various regulatory authorities in France or in other countries where the Issuer operates. The nature and impact of such changes are not predictable and are beyond the Issuer's control. For further information, see "Government Supervision and Regulation of Credit Institutions in France."

Risks Relating to the Issuer's Organizational Structure

Although the Issuer depends upon the Regional Banks for a significant portion of its net income and has significant powers over the Regional Banks in its capacity as Central Body of the Crédit Agricole network, it does not have voting control over the decisions of the Regional Banks.

A significant portion of the net income of the Issuer is derived from the Regional Banks, which are accounted for under the equity method in its financial statements on the basis of its approximately 25% equity interests, except in the case of the Caisse Régionale of Corsica (which is wholly-owned by the Issuer and fully consolidated). The Regional Banks are also a significant distribution network for the products and services offered by other business segments, primarily insurance, asset management and specialized financial services. The Issuer does not have control over decisions that require the consent of shareholders of the Regional Banks. The Issuer and the Regional Banks have important incentives for cooperation and coordination (which have been demonstrated through the functioning of the Crédit Agricole Group over many years), including financial support and guarantee mechanisms that support, directly or indirectly, the credit of the entire Crédit Agricole Group. The Issuer also has significant control rights in its capacity as Central Body of the Crédit Agricole network. Nevertheless, the legal relationship between the Issuer and the Regional Banks is different in nature from a relationship of voting control and ownership.

If the Guarantee Fund proves insufficient to restore the liquidity and solvency of any network member or affiliate that may encounter future financial difficulty, the Issuer may be required to contribute additional funds.

As the Central Body of the Crédit Agricole network (which includes primarily Crédit Agricole S.A., the Regional Banks, the Local Banks and Crédit Agricole CIB, as affiliated member), the Issuer represents its affiliated credit institutions before regulatory authorities. Pursuant to Article L. 511-31 of the French *Code Monétaire et Financier*, the Issuer is committed to ensuring that each member of the Crédit Agricole network and each affiliate of the network, as well as the network as a whole, maintains adequate liquidity and solvency, and to calling on other network members and other affiliates for that purpose whenever and in any manner deemed necessary. As a result of its role as a Central Body, the Issuer is empowered under applicable laws and regulations to exercise administrative, technical and financial supervision over the organization and management of these institutions.

To assist the Issuer in assuming its Central Body duties and commitments and to ensure mutual support within the Crédit Agricole network and with its affiliated members, a fund for liquidity and solvency banking risks (the "Guarantee Fund") has been established. The Guarantee Fund is 75 percent funded by the Issuer and 25 percent funded by the Regional Banks, in an aggregate amount of €1,005 million as at 31 December 2014. Although the Issuer is not aware of circumstances likely to require recourse to the Guarantee Fund, there can be no assurance that it will not be necessary to call upon the capital of the Guarantee Fund or that, in the event of its full depletion, the Issuer will not be required to make up the shortfall.

The practical benefit of the guarantee granted by the Regional Banks may be limited by the implementation of new French and European resolution regimes, which would prioritize resolution before liquidation.

A French banking law dated 26 July 2013 (*Loi de séparation et de régulation des activités bancaires*) introduced important modifications to the regulations applicable to credit institutions, including the establishment of a resolution regime with respect to failing credit institutions. In addition, the European Bank Recovery and Resolution Directive, dated 15 May 2014, and the Single Resolution Mechanism, dated 15 July 2014, also provide for a resolution regime with respect to failing credit institutions. See the section entitled “*Government Supervision and Regulation of Credit Institutions in France*.” The new resolution regimes have no impact on the financial support mechanism provided in Article L. 511-31 of the French *Code Monétaire et Financier*, as applied to the Crédit Agricole network and its affiliated members, which should be implemented before any resolution measure occurs. However, the application of the resolution regimes to the Crédit Agricole Group is likely to limit the cases in which a demand for payment may be made under the guarantee of the obligations of the Issuer granted by the Regional Banks, insofar as a resolution measure should be implemented before liquidation. For further details regarding the guarantee granted by the Regional Banks, please refer to the section entitled “*Overview*.”

The Regional Banks hold a majority interest in the Issuer and may have interests that are different from those of the Issuer.

By virtue of their controlling interest in the Issuer through SAS Rue de la Boétie, the Regional Banks have the power to control the outcome of all votes at ordinary meetings of the Issuer’s shareholders, including votes on decisions such as the appointment or approval of members of its board of directors and the distribution of dividends. The Regional Banks may have interests that are different from those of the Issuer and the other holders of the Issuer’s securities.

Risks Relating to the Notes

The following does not describe all the risks of an investment in the Notes. Prospective investors should consult their own financial and legal advisers about risks associated with investment in the Notes and the suitability of investing in the Notes in light of their particular circumstances.

The Notes are complex instruments that may not be suitable for certain investors

The Notes are novel and complex financial instruments and may not be a suitable investment for all investors. Each potential investor in the Notes should determine the suitability of such investment in light of its own circumstances and have sufficient financial resources and liquidity to bear the risks of an investment in the Notes, including the possibility that the entire principal amount of the Notes could be lost. A potential investor should not invest in the Notes unless it has the knowledge and expertise (either alone or with a financial advisor) to evaluate how the Notes will perform under changing conditions, the resulting effects on the market value of the Notes, and the impact of this investment on the potential investor’s overall investment portfolio.

The Notes are subordinated obligations

The Issuer’s obligations under the Notes are unsecured and subordinated and will rank junior in priority of payment to unsubordinated creditors (including depositors) of the Issuer, and creditors in respect of subordinated obligations that rank or are expressed to rank senior to the Notes, as more fully described in Condition 4 (*Status of the Notes*).

If any judgment is rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason, the rights of payment of the Holders of the Notes will be subordinated to the payment in full of unsubordinated creditors (including depositors) and any other creditors whose claims rank senior to the Notes. In the event of incomplete payment of unsubordinated creditors and/or subordinated claims ranking ahead of the claims of Holders of the Notes, upon the liquidation of the Issuer, the obligations of the Issuer in connection with the Notes will be terminated.

Although the Notes may pay a higher rate of interest than comparable notes which are not subordinated, there is a substantial risk that investors in subordinated notes such as the Notes will lose all or some of their investment if the Issuer becomes insolvent.

The Issuer is not prohibited from issuing further debt, which may rank pari passu with or senior to the Notes

The terms and conditions of the Notes place no restriction on the amount of debt that the Issuer may issue that ranks senior to the Notes, or on the amount of securities it may issue that rank *pari passu* with the Notes. The issue of any such debt or securities may reduce the amount recoverable by Holders upon liquidation of the Issuer.

The Notes may be redeemed upon the occurrence of a Tax Event or Capital Event

Subject as provided herein, in particular to the approval of the Relevant Regulator and the other conditions in Condition 6.6 (*Conditions to redemption and purchase prior to Maturity Date*), the Issuer may, at its option, redeem all, but not some only, of the Notes at any time at their outstanding principal amount plus accrued and unpaid interest, upon the occurrence of a Capital Event or a Tax Event.

The early redemption feature may limit the market value of the Notes. In addition, Holders will not receive a make-whole amount or any other compensation in case of early redemption of the Notes.

If the Issuer redeems the Notes in any of the circumstances mentioned above, there is a risk that the Notes may be redeemed at times when the redemption proceeds are less than the current market value of the Notes or when prevailing interest rates may be relatively low, in which latter case Holders may only be able to reinvest the redemption proceeds in securities with a lower yield. Potential investors should consider reinvestment risk in light of other investments available at that time.

The Notes do not provide for any events of default

In no event will Holders of the Notes be able to accelerate the maturity of their Notes, except in the event of the liquidation of the Issuer. Accordingly, in the event that any payment on the Notes is not made when due, the Holders will have claims only for amounts then due and payable on their Notes. See Condition 11 (*Event of Default*) for further information.

The trading market for debt securities may be volatile and may be adversely impacted by many events

The market for debt securities issued by banks is influenced by economic and market conditions and, to varying degrees, interest rates, currency exchange rates and inflation rates in other Western and other industrialized countries. There can be no assurance that events in France, Europe or elsewhere will not cause market volatility or that such volatility will not adversely affect the price of the Notes or that economic and market conditions will not have any other adverse effect.

There will be no prior market for the Notes

There is currently no existing market for the Notes, and there can be no assurance that any market will develop for the Notes or that Holders will be able to sell their Notes in the secondary market. Although the Notes will be listed on Euronext Paris, no assurance can be given that a liquid trading market for the Notes will develop. There is no obligation on the part of any party to make a market in the Notes.

Moreover, although pursuant to Condition 6.4 (*Purchase*) the Issuer can purchase Notes at any time (subject to regulatory approval), the Issuer is not obligated to do so. Purchases made by the Issuer could affect the liquidity of the secondary market of the Notes and thus the price and the conditions under which investors can sell the Notes on the secondary market.

The Notes may be subject to mandatory write-down or conversion to equity if the Issuer becomes subject to a resolution procedure

French banking law allows authorities to cancel, write-down or convert into equity failing banks' subordinated instruments (such as the Notes), in accordance with their seniority. Failing banks are defined as those that, currently or in the near future (i) no longer comply with regulatory capital requirements, (ii) are not able to make payments that are, or will be imminently, due, or (iii) require extraordinary public financial support.

Conversion or write-down ratios are decided upon by the French resolution authority (the “ACPR”) on the basis of a “fair and realistic” assessment.

In addition, the recently adopted European Bank Recovery and Resolution Directive and the Single Resolution Mechanism provide resolution authorities with resolution powers, including but not limited to the power to ensure that capital instruments, including Tier 2 instruments such as the Notes, and eligible liabilities, absorb losses at the point of non-viability of the issuing institution individually, or in certain circumstances of the group to which it belongs, should junior instruments prove insufficient to absorb all such losses, through the write-down or conversion to equity of such instruments (the “**Bail-In Tool**”). The point of non-viability is defined as the point at which the resolution authority determines that (i) the institution is failing or likely to fail, (ii) there is no reasonable prospect that private action would prevent the failure and (iii) except with respect to capital instruments, a resolution action is necessary in the public interest. The Bail-In Tool with respect to capital instruments may also apply when the institution requires extraordinary public support. Although the European Bank Recovery and Resolution Directive contemplates that this Bail-In Tool with respect to capital instruments including Tier 2 instruments such as the Notes, shall be applied from 1 January 2015, its implementation is still in process in France.

The Bail-In Tool or the above provisions of French banking law could result in the full or partial write-down or conversion to equity of the Notes. In addition, if the Issuer's financial condition, or that of its group, deteriorates, the existence of the Bail-In Tool or the above provisions of the French banking law could cause the market value of the Notes to decline more rapidly than would be the case in the absence of such tools.

For further information about the European resolution directive and the French banking law, and their resolution measures, including the Bail-In Tool, see “*Government Supervision and Regulation of Credit Institutions in France*.”

Returns on the Notes may be limited or delayed by the insolvency of the Issuer

Returns on the Notes may be limited or delayed if the Issuer were to become insolvent and/or were subject to a *mandat ad hoc* procedure, conciliation procedure (*procédure de conciliation*), safeguard procedure (*procédure de sauvegarde*), accelerated financial safeguard procedure (*procédure de sauvegarde financière accélérée*), accelerated safeguard procedure (*procédure de sauvegarde accélérée*), judicial reorganization (*redressement judiciaire*) or a liquidation procedure (*liquidation judiciaire*).

The guarantee granted by the Regional Banks may be called upon if the assets of Crédit Agricole S.A. in a liquidation or dissolution procedure are insufficient, but not in the context of other insolvency procedures. For further details regarding the guarantee, please refer to the section entitled “Overview” and the risk factor “—*The practical benefit of the guarantee granted by the Regional Banks may be limited by the implementation of new French and European resolution regimes, which would prioritize resolution before liquidation.*”

Application of French insolvency law could affect the Issuer's ability to make payments on the Notes. Under French insolvency law holders of debt securities are automatically grouped into a single assembly of holders (the “**Assembly**”) in order to defend their common interests if a safeguard procedure, accelerated financial safeguard procedure or a judicial reorganization procedure or an accelerated safeguard procedure is opened in France with respect to the Issuer.

The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance program (such as a medium-term note program) and regardless of their ranking and their governing law.

The Assembly deliberates on any proposed safeguard plan, proposed accelerated financial safeguard plan or proposed judicial reorganization plan applicable to the Issuer and may further agree to:

- Partially or totally reschedule payments which are due and/or write-off debts and/or convert debts into equity (including with respect to amounts owed under the Notes); and/or
- Establish an unequal treatment between holders of debt securities (including the Holders) as appropriate under the circumstances.

Decisions of the Assembly will be taken by a two-thirds majority (calculated as a proportion of the amount of debt securities held by the holders attending such Assembly or represented thereat who have cast a vote at such Assembly). No quorum is required to hold the Assembly.

The receiver (*administrateur judiciaire*) is allowed to take into account the existence of voting or subordination agreements entered into by a holder of notes, or the existence or an arrangement providing that a third party will pay the holder's claims, in full or in part, in order to reduce such holder's voting rights within the Assembly. The receiver must disclose the method to compute such voting rights and the interested holder may dispute such computation before the president of the competent commercial court.

These provisions could apply to a Holder who has entered into a hedging arrangement in relation to the Notes.

For the avoidance of doubt, the provisions relating to the Meetings of Holders set out in Condition 12.1 (*Modification and Amendment*) and 12.2 (*Meetings of Holders*) of the Terms and Conditions of the Notes will not be applicable in these circumstances.

Specific provisions related to insolvency proceedings for credit institutions are described in the section entitled "*Government Supervision and Regulation of Credit Institutions in France*." In particular, the ACPR must approve in advance the opening of any safeguard, judicial reorganization or liquidation procedure.

Please refer to the risk factor "*—The Notes may be subject to mandatory write-down or conversion to equity if the Issuer becomes subject to a resolution procedure*" and the section entitled "*Government Supervision and Regulation of Credit Institutions in France*" for a description of resolution measures including, critically, the bail-in, which can be implemented under the French banking law and the European Bank Recovery and Resolution Directive.

The terms of the Notes contain very limited covenants

There is no negative pledge in respect of the Notes. The Issuer is generally permitted to sell or otherwise dispose of any or substantially all of its assets to another corporation or other entity under the terms of the Notes. If the Issuer decides to dispose of a large amount of its assets, investors in the Notes will not be entitled to declare an acceleration of the maturity of the Notes, and those assets will no longer be available to support the Notes.

In addition, the Notes do not require the Issuer to comply with financial ratios or otherwise limit its ability or that of its subsidiaries to incur additional debt, nor do they limit the Issuer's ability to use cash to make investments or acquisitions, or the ability of the Issuer or its subsidiaries to pay dividends, repurchase shares or otherwise distribute cash to shareholders. Such actions could potentially affect the Issuer's ability to service its debt obligations, including those of the Notes.

The Issuer will not be required to redeem the Notes if it is prohibited by French law from paying additional amounts

In the event that the Issuer is required to withhold amounts in respect of French taxes from payments of interest on the Notes, the terms and conditions of the Notes provide that, subject to certain exceptions, the Issuer will pay additional amounts so that the holders of the Notes will receive the amount they would have received in the absence of such withholding. Under French tax law, there is some uncertainty as to whether the Issuer may pay such additional amounts. French debt instruments typically provide that, if an issuer is required to pay additional amounts but is prohibited by French law from doing so, the issuer must redeem the debt instruments in full. Under Article 63 of the CRD IV Regulation, however, mandatory redemption clauses are not permitted in a Tier 2 instrument such as the Notes. As a result, the terms and conditions of the Notes provide for redemption at the option of the Issuer in such a case (subject to approval of the Relevant Regulator), but not for mandatory redemption. If the Issuer does not exercise its option to redeem the Notes in such a case, Holders will receive less than the full amount due under the Notes, and the market value of the Notes will be adversely affected.

Transactions on the Notes could be subject to a future European financial transaction tax

The European Commission has proposed a directive that, if adopted in its current form, would subject transactions in securities such as the Notes to a financial transaction tax (the “**FTT**”). The proposed directive would call for eleven European member states, including France, to impose a tax of, generally, at least 0.1% on all such transactions, generally determined by reference to the amount of consideration paid. The mechanism by which the tax would be applied and collected is not yet known, but if the proposed directive or any similar tax is adopted, transactions in the Notes would be subject to higher costs, and the liquidity of the market for the Notes may be diminished.

On May 6, 2014, the presidency of the Council of the European Union confirmed that all relevant issues will continue to be examined by national experts. It noted the intention of the Participating Member States to work on a progressive implementation of the FTT, focusing initially on the taxation of shares and some derivatives. The first steps would be implemented at the latest on January 1, 2016.

The FTT proposal remains subject to negotiation between the Participating Member States. It may therefore be altered prior to any implementation. Additional EU Member States may decide to participate. Prospective holders of Notes are advised to seek their own professional advice in relation to the consequences of the FTT associated with subscribing for, purchasing and disposing of the Notes.

The EU Savings Directive is applicable to the Notes

EC Council Directive 2003/48/EC on the taxation of savings income (the “**Savings Directive**”) requires an EU Member State to provide to the tax authorities of another EU Member State details of payments of interest and other similar income paid by a person established within its jurisdiction to (or for the benefit of) an individual resident in or certain limited types of entities established in, that other EU Member State, except that, for a transitional period, Austria will instead impose a withholding system in relation to such payments (subject to a procedure whereby, on meeting certain conditions, the beneficial owner of the interest or other income may request that no tax be withheld), unless during such period it elects otherwise. Luxembourg operated such a withholding system until December 31, 2014 but the Luxembourg government has elected out of the withholding system in favour of automatic exchange of information with effect from January 1, 2015. A number of third countries and territories have adopted similar measures to the Savings Directive. See the section entitled “*Taxation—EU Savings Directive.*”

On March 24, 2014, the Council of the European Union adopted a directive 2014/48/EU amending the Savings Directive (the “**Amending Directive**”), which, when implemented, will amend and broaden the scope of the requirements described above. In particular, the Amending Directive will broaden the categories of entities required to provide information and/or withhold tax pursuant to the Savings Directive, and will require additional steps to be taken in certain circumstances to identify the beneficial owner of interest (and other income) payments, through a “look through” approach. This approach will apply to payments made to, or secured for, persons, entities or legal arrangements (including trusts) where certain conditions are satisfied, and may in some cases apply where the person, entity or arrangement is established or effectively managed outside of the European Union. The Member States will have until January 1, 2016 to adopt the national legislation necessary to comply with this Amending Directive.

If a payment under a Note were to be made by a person in or collected through an EU Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment pursuant to the Savings Directive as amended from time to time or any law implementing or complying with, or introduced in order to conform to, such Directive, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax.

2016 MEDIUM-TERM PLAN

The following is a summary of the Crédit Agricole Group medium-term plan announced on March 20, 2014 (The “2016 Medium-Term Plan”). The plan was developed for internal planning purposes in order to develop the Crédit Agricole Group’s strategy and to allow it to allocate resources. The plan is based on a number of assumptions, and therefore is by definition subject to uncertainty. While the Crédit Agricole Group believes these assumptions to be reasonable, there can be no assurance that they will turn out to be true, or that the Crédit Agricole Group will be able to meet the objectives described below. The 2016 Medium-Term Plan was published on March 20, 2014, and while it remains current on an overall basis as of the date of this Prospectus, it is subject to change in the future. The Issuer does not undertake any obligation to update or revise the information in the 2016 Medium-Term Plan as a result of new information, future events or otherwise.

The objectives and targets in the 2016 Medium-Term Plan summarized below are “forward-looking statements” that by their nature are subject to uncertainty. The Crédit Agricole Group may fail to realize these objectives and targets for many reasons, some of which (such as the global, European and French economic and financial environment) are outside the control of the Crédit Agricole Group. Investors should not rely on these forward-looking statements, and should consider the risks described in this Prospectus in the section entitled “Risk Factors” for a description of some of the factors that may impact the Crédit Agricole Group’s ability to realize its objectives and targets.

Overview of 2016 Medium-Term Plan

On March 20, 2014, the Crédit Agricole Group announced the adoption of the 2016 Medium-Term Plan. The Crédit Agricole Group’s ambition is to be the European leader in Universal Customer-focused Banking: an integrated model to provide a comprehensive range of financial services to all the Crédit Agricole Group’s customers, both in retail banking (Regional Banks, LCL, Cariparma, etc.) and in specialized businesses (Corporate and Investment Banking, Savings Management and Insurance, Specialized Financial Services).

The 2016 Medium-Term Plan contemplates a number of initiatives, including four strategic pillars to sustain growth: (i) innovating and transforming the retail banking business to better serve customers and strengthen the Crédit Agricole Group’s position in France; (ii) accelerating revenue synergies across the Crédit Agricole Group; (iii) achieving focused growth in the rest of Europe; and (iv) investing in human resources, strengthening group efficiency and mitigating risks.

Principal Assumptions

The objectives and initiatives of the 2016 Medium-Term Plan are based on five principal assumptions relating to the business and economic environment in which the Crédit Agricole Group operates:

- *The Group’s cooperative and mutual roots foster a sustainable performance.* The Group believes that increasing the number of cooperative shareholders and confirming the commitment of the Regional Banks to their local regions will solidify the cooperative model as a sustainable, value-creating model based on building close, lasting relationships with customers to ensure satisfaction and loyalty.
- *The European economy will pick up very gradually.* The 2016 Medium-Term Plan was prepared on the basis of certain assumptions regarding the economic scenario. In France, it was based on 0.8% GDP growth in 2014, 1.1% in 2015 and 1.2% in 2016. In Italy, it was based on assumed GDP growth of 0.7% in 2014, 0.9% in 2015 and 0.8% in 2016. In the Eurozone, GDP growth was assumed at 1.0% in 2014, 1.2% in 2015 and 1.0% in 2016. The 2016 Medium-Term Plan also assumed that interest rates would increase very gradually, with the 10-year OAT rate (which was 2.4% at the end of 2013) increasing to 3.0% at the end of 2014, and above 3.3% in 2015-2016.
- *The French market will remain attractive for the banking industry.* This is based on assumed high household wealth (GDP per capita is the second highest of major European countries, and France remains the fifth largest savings market in the OECD). It also reflects assumed dynamic home loan activity with relatively low risk (doubtful loans assumed to represent less than 1.5% of all home loans).

- *The regulatory framework will continue to tighten significantly.* This includes new capital requirements, leverage ratios, liquidity ratios and insurance solvency requirements, as well as a move to a single European supervisory mechanism with asset quality review and stress tests, a single European resolution mechanism and deposit guarantee scheme, and increased competition resulting from the opening of payment services to non-banks and new insurance cancellation options.
- *Customer expectations are changing rapidly.* Customers demand more expertise and availability from advisors, as well as continuous access to digital services and a full range of multi-channel banking options.

Some of these assumptions in respect of 2014 turned out to be inaccurate, although these inaccuracies have not materially impacted the plan so far. If additional assumptions turn out to be inaccurate, then the Crédit Agricole Group may be unable to achieve some or all of targets and objectives (particularly the financial objectives) described below, or to realize anticipated returns on the investments described below.

Four Strategic Pillars to Sustain Growth

Innovating and Transforming the Retail Banking Business. This pillar involves transformation initiatives tailored to each network to meet new customer expectations, reflecting the specific features of each network and customer group. The Regional Banks are being positioned as a multi-channel retail bank, with a large number of branches and dense geographical coverage throughout France. LCL is becoming a leading relationship and digital bank with a strong presence in major cities. The Crédit Agricole Group is also investing in the development of BforBank, its fully-online retail bank.

Accelerating Revenue Synergies. This initiative involves primarily increasing revenue synergies from the distribution of insurance products in the banking networks (known in France as “*bancassurance*”). In addition, the Group is seeking to realize synergies between the Specialized Financial Services business (particularly consumer finance, leasing and factoring) and the retail banking networks.

Achieving Focused Growth in Europe. This initiative includes extending the Crédit Agricole Group’s universal, customer-focused model, developing specialized business lines and extending cross-border synergies. The principal focus is organic growth in Italy, where the Crédit Agricole Group is seeking to continue the transformation of Cariparma and accelerate its growth, to realize synergies with other Crédit Agricole Group entities and to control risks, targeting a reduced cost of risk throughout its Italian businesses, and particularly in the consumer finance area. More generally in Europe, the Crédit Agricole Group is seeking to grow in savings management and insurance, as well as focusing consumer finance, leasing and factoring growth in key countries with reduced cost of risk. In Corporate and Investment Banking, the group is developing a distribute-to-originate debt house serving major borrowers and investors, as well as the internal needs of the Crédit Agricole Group.

Investing in human resources, efficiency and mitigation of risks. The Crédit Agricole Group is implementing an ambitious €3.7 billion investment plan, approximately 35% of which is non-recurring and directly related to the 2016 Medium-Term Plan. The plan covers substantial investments in human resources (training, reallocation of resources freed up by digital banking, adaptation and strengthening specialized expertise), information technology convergence and strict risk control. It supports cost-reduction initiatives with a target of €950 million of annual savings, including €410 million from new initiatives.

Financial Objectives

As part of the 2016 Medium-Term Plan, the Crédit Agricole Group has established a number of financial objectives and targets in order to facilitate internal planning and resource allocation. These objectives and targets are based on a number of assumptions, and there can be no assurance that they will be achieved.

The principal financial objectives of the 2016 Medium-Term Plan are summarized in the following table:

	Regional Banks	Crédit Agricole Group	Crédit Agricole S.A. Group
Revenue growth (2013-2016)*	~1% p.a.	~2% p.a.	~2.5% p.a.
Cost/income ratio 2016*	<54%	<60%	<64%
Cost of risk / outstandings (basis points)*	~ 25	~ 40	~ 55
Net income Group Share 2016	> €3.7 billion	> €6.5 billion	> €4 billion

p.a. = per annum

* All figures reflect the reclassification as equity affiliates of group entities accounted for under the proportional consolidation method in 2013, in accordance with IRFS 10, 11 and 12, which apply starting January 1, 2014. See Note 1.1 to the 2014 consolidated financial statements contained in the RD. They also exclude issuer spreads, CVA, DVA and loan hedges. See “*Presentation of Financial Information*” in this Prospectus.

Target Capital Adequacy and Leverage Ratios

The Issuer has calculated target capital adequacy ratios and leverage ratios for the Crédit Agricole S.A. Group and the Crédit Agricole Group. These target ratios are based on the assumption that the financial objectives of the 2016 Medium-Term Plan will be achieved, including in particular the net income and dividend payout ratio targets described above. If these objectives are not achieved, then the actual capital adequacy ratios and leverage ratios could be significantly different. The target ratios are also based on certain additional assumptions described below.

CRD IV Capital Adequacy Ratios

The target ratios are based on the Issuer’s current understanding of the requirements of CRD IV applied to French banks (“**CRD IV**”), which became effective January 1, 2014, and are still evolving. See “*Government Supervision and Regulation of Credit Institutions in France*” for additional information.

When used below, the term “**CET 1 Ratio**” means the ratio of common equity Tier 1 capital to total risk exposure, each within the meaning of CRD IV. The “**overall solvency ratio**” means the ratio of Tier 1 and Tier 2 capital to total risk exposure, each within the meaning of CRD IV.

Target ratios are presented on a “phased” basis and on a “fully loaded” basis. The “**phased**” ratios are determined on the basis of certain transition rules (or “**phase-in**” rules) that will apply over time in respect of the treatment of certain minority interests, certain deferred tax assets and interests in entities in the financial sector. The “phased” ratios will be used to determine regulatory compliance during the phase-in period (which ends in 2019). The “**fully-loaded**” ratios are calculated as if the CRD IV rules starting in 2019 were fully implemented as of the date of calculation of the relevant target.

On the basis of the foregoing and the assumptions set forth below, the following table sets forth the target fully loaded CET 1 ratios as of the dates indicated.

	December 31, 2014 (estimated)	December 31, 2015 (target)	December 31, 2016 (target)
Crédit Agricole S.A. Group	10.4%	9.8%	>10.5%
Crédit Agricole Group	13.1%	13.0%	14.0%

Based on the same assumptions, the phased overall solvency ratio as of December 31, 2016 is targeted at 15.5% for the Crédit Agricole S.A. Group, including 13.0% Tier 1, and 16.5% for the Crédit Agricole Group, including 15.0% Tier 1.

The above targets are based on a number of assumptions, many of which concern matters that are uncertain, including the future net income of the Crédit Agricole S.A. Group and the Crédit Agricole Group, the timing and manner in which CRD IV will ultimately be implemented and assumptions about the stability of risk-weighted assets. The targets set forth above assume that the Crédit Agricole Group's equity interests in insurance affiliates will be weighted at 370% in accordance with Article 49 of the CRD IV Regulation for financial conglomerates, and that the Switch guarantees between the Regional Banks and Crédit Agricole S.A. will remain in place (this impacts the ratios of the Crédit Agricole S.A. Group, but not those of the Crédit Agricole Group, as the reciprocal transactions between the Regional Banks and Crédit Agricole S.A. are eliminated in the Crédit Agricole Group accounting consolidation). They also assume that Crédit Agricole S.A. will distribute a dividend of 35% of 2014 consolidated net income (group share) with a scrip dividend option. SAS Rue la Boétie, the holding company for the Regional Banks that holds approximately 56% of the shares of Crédit Agricole S.A., has committed to elect a scrip dividend in respect of fiscal year 2014. With respect to 2015 and 2016, assuming that Crédit Agricole S.A.'s CET1 Ratio will exceed the minimum internal threshold of 9.5%, the dividend payout ratio is assumed to increase to 50%, with half of the dividend paid in cash. The Issuer considers that a 9.5% fully-loaded CET1 Ratio is appropriate for the Crédit Agricole S.A. Group, as the capital buffers applicable to financial institutions presenting systemic risk are expected to apply only at the Crédit Agricole Group level, and not at the level of the Crédit Agricole S.A. Group.

Leverage Ratio

The Crédit Agricole Group's leverage ratio at December 31, 2014 was 5.2%, and that of the Crédit Agricole S.A. Group was 4.2%, in each case based on CRD IV. Crédit Agricole S.A. expects the leverage ratio for the Crédit Agricole S.A. Group to be at least 3% in 2018. Under CRD IV, it is expected that each group will be required to maintain a leverage ratio of at least 3% beginning on January 1, 2018. The leverage ratio is based on the relevant group's phased-in Tier 1 capital, which is the regulatory definition applicable, and on the Issuer's understanding of the CRD IV rules for its calculation, applicable to French banks.

GOVERNMENT SUPERVISION AND REGULATION OF CREDIT INSTITUTIONS IN FRANCE

French Banking Regulatory and Supervisory Bodies

French banking law is mostly set forth in the French *Code monétaire et financier*, and mainly derives from EU directives and regulations. It sets forth the conditions under which credit institutions, including banks, may operate, and vests related supervisory and regulatory powers in certain banking regulatory and supervisory bodies.

The French Banking Authorities

In France, the *Autorité de contrôle prudentiel et de résolution* (“**ACPR**”) was created in September 2013 to supervise financial institutions and insurance firms and be in charge of ensuring the protection of consumers and the stability of the financial system. On 15 October 2013, the European Union adopted regulation establishing a single supervisory mechanism for credit institutions of the Eurozone and opt-in countries (the “**ECB Single Supervisory Mechanism**”), which has conferred specific tasks on the European Central Bank (the “**ECB**”) concerning policies relating to the prudential supervision of credit institutions. These European regulations have given to the ECB, in conjunction with the relevant national regulatory authorities, direct supervisory authority for European credit institutions and banking groups, including the Crédit Agricole Group.

Since 4 November 2014, the ECB has fully assumed supervisory tasks and responsibilities within the framework of the ECB Single Supervisory Mechanism, in close cooperation, in France, with the ACPR (each of the ACPR and the ECB is hereinafter referred to as a “**Banking Authority**”), as follows:

- The ECB is exclusively competent to carry out, for prudential supervisory purposes, the following tasks in relation to all credit institutions, regardless of the significance of the credit institution concerned:
 - to authorise credit institutions and to withdraw authorization of credit institutions; and
 - to assess notification of the acquisition and disposal of qualifying holdings, in other credit institutions, except in the case of a bank resolution.
- The other supervisory tasks have to be performed by both the ECB and the ACPR, their respective supervisory roles and responsibilities being allocated on the basis of the significance of the supervised entities, with the ECB directly supervising significant banks, such as the Crédit Agricole Group, while the ACPR is in charge of the supervision of the less significant entities. These supervisory tasks are *inter alia* the following:
 - to ensure compliance with all prudential requirements laid down in general EU banking rules for credit institutions in the areas of own funds requirements, securitisation, large exposure limits, liquidity, leverage, reporting and public disclosure of information on those matters;
 - to carry out supervisory reviews, including stress tests and their possible publication, and the basis of this supervisory review, to impose where necessary on credit institutions higher prudential requirements to protect financial stability under the conditions provided by EU law;
 - to impose robust corporate governance practices (including the fit and proper requirements for the persons responsible for the management process, internal control mechanisms, remuneration policies and practices) and effective internal capital adequacy assessment processes; and
 - to carry out supervisory tasks in relation to recovery plans, and early intervention where credit institutions or group does not meet or is likely to breach the applicable prudential requirements.
- The ACPR may apply requirements for capital buffers to be held by credit institutions at the relevant level, in addition to own funds requirements (including countercyclical buffer rates). If deemed

necessary, the ECB may, instead of the ACPR but by cooperating closely with it, apply such higher requirements.

Supervisory framework

With respect to the banking sector, and for the purposes of carrying out the tasks conferred on it, the relevant Banking Authority makes individual decisions, grants banking and investment firm licenses, and grants specific exemptions as provided in applicable banking regulations. It supervises the enforcement of laws and regulations applicable to banks and other credit institutions, as well as investment firms, and controls their financial standing.

Banks are required to submit periodic (either monthly or quarterly) accounting reports to the relevant Banking Authority concerning the principal areas of their activities. The main reports and information filed by institutions with the relevant Banking Authority include periodic regulatory reports, collectively referred to as *états périodiques réglementaires*. They include, among other things, the institutions' accounting and prudential (regulatory capital) filings, which are usually submitted on a quarterly basis, as well as internal audit reports filed once a year, all the documents examined by the institution's management in its twice-yearly review of the business and operations and the internal audit findings and the key information that relates to the credit institution's risk analysis and monitoring. The relevant Banking Authority may also request additional information that it deems necessary and may carry out on-site inspections (including with respect to a bank's foreign subsidiaries and branches, subject to international cooperation agreements). These reports and controls allow close monitoring of the condition of each bank and also facilitate computation of the total deposits of all banks and their use.

The relevant Banking Authority may order financial institutions to comply with applicable regulations and to cease conducting activities that may adversely affect the interests of clients. The relevant Banking Authority may also require a financial institution to take measures to strengthen or restore its financial situation, improve its management methods and/or adjust its organization and activities to its development goals. When a financial institution's solvency or liquidity, or the interests of its clients are or could be threatened, the relevant Banking Authority is entitled to take certain provisional measures, including: submitting the institution to special monitoring and restricting or prohibiting the conduct of certain activities (including deposit-taking), the making of certain payments, the disposal of assets, the distribution of dividends to its shareholders, and/or the payment of variable compensation. The relevant Banking Authority may also require credit institutions to maintain regulatory capital and/or liquidity ratios higher than required under applicable law.

Where regulations have been violated, the relevant Banking Authority may act as an administrative court and impose sanctions, which may include warnings, fines, suspension or dismissal of managers and deregistration of the bank, resulting in its winding up. The relevant Banking Authority also has the power to appoint a temporary administrator to manage provisionally a bank that it deems to be mismanaged. Insolvency proceedings may be initiated against banks or other credit institutions, or investment firms only after prior approval of the relevant Banking Authority.

The French Resolution Authority

In France, the ACPR is in charge of implementing measures for the prevention and resolution of banking crises, including but not limited to the Bail-in Tool described below. Its powers have been extended to new resolution powers by the French banking reforms of 26 July 2013 (*Loi de séparation et de régulation des activités bancaires*) and of 20 February 2014 (*Ordonnance portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*). See "Resolutions measures" below.

As from 1 January 2016, a single resolution board established by the Regulation of the European Parliament and of the Council dated 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a single resolution mechanism and a single resolution fund and amending Regulation (EU) No. 1093/2010 (Single Resolution Mechanism Regulation) will be in charge of resolution planning and preparation of resolution decisions for cross-border credit institutions and banking groups as well as credit institutions and banking groups directly supervised by the ECB such as the Credit Agricole Group. The ACPR will remain responsible for implementing the resolution plan according to the single resolution board's instructions.

Other French Banking Regulatory and Supervisory Bodies

The Financial Sector Consultative Committee (*Comité consultatif du secteur financier*) is made up of representatives of credit institutions, electronic money institutions, investment firms, insurance companies and insurance brokers and client representatives. This committee is a consultative organization that studies the relations between credit institutions, investment firms and insurance companies and their respective clientele and proposes appropriate measures in this area.

The Consultative Committee on Financial Legislation and Regulations (*Comité consultatif de la législation et de la réglementation financières*) reviews, at the request of the French Minister of Economy, any draft bills or regulations, as well as any draft European regulations relating to the insurance, banking and investment service industries other than those draft regulations issued by the AMF.

In addition, all French credit institutions are required to belong to a professional organization or central body affiliated with the French Credit Institutions and Investment Firms Association (*Association française des établissements de crédit et des entreprises d'investissement*), which represents the interests of credit institutions, payment institutions and investment firms in particular with the public authorities, provides consultative advice, disseminates information, studies questions relating to banking and financial services activities and makes recommendations in connection therewith. Crédit Agricole is a member of the French Banking Federation (*Fédération bancaire française*).

Banking Regulations

In France, credit institutions such as the Issuer must comply with the norms of financial management set by the Minister of Economy, the purpose of which is to ensure the creditworthiness and liquidity of French credit institutions. These banking regulations are mainly derived from EU directives and regulations. New banking regulations implementing the Basel III reforms were adopted on 26 June 2013: Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms (the “**CRD IV Directive**”) and Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms (the “**CRD IV Regulation**” and together with the CRD IV Directive, “**CRD IV**”). The CRD IV Regulation (with the exception of some of its provisions, which will enter into effect at later dates) became directly applicable in all EU member states including France on 1 January 2014. The CRD IV Directive became effective on 1 January 2014 (except for capital buffer provisions which shall apply as from 1 January 2016) and was implemented under French law by the banking reform dated 20 February 2014 (*Ordonnance portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*).

Credit institutions such as the Issuer must comply with minimum capital ratio requirements. In addition to these requirements, the principal regulations applicable to credit institutions such as the Issuer concern risk diversification and liquidity, monetary policy, restrictions on equity investments and reporting requirements. As of the date hereof, in the various countries in which the Issuer or its subsidiaries operate, they comply with the specific regulatory ratio requirements in accordance with procedures established by the relevant supervisory authorities.

French credit institutions are required to maintain minimum capital to cover their credit, market, counterparty and operational risks. Since 1 January 2014, pursuant to CRD IV Regulation, credit institutions, such as the Crédit Agricole Group, are required to maintain a minimum total capital ratio of 8%, a minimum Tier 1 capital ratio of 6% and a minimum common equity Tier 1 ratio of 4.5%, each to be obtained by dividing the institution's relevant eligible regulatory capital by its risk-weighted assets. In addition, they will have to comply with certain common equity Tier 1 buffer requirements, including a capital conservation buffer of 2.5% that will be applicable to all institutions as well as other common equity Tier 1 buffers to cover countercyclical and systemic risks. These buffer requirements will be implemented progressively until 2019.

French credit institutions must satisfy, on a consolidated basis, certain restrictions relating to concentration of risks (*ratio de contrôle des grands risques*). The aggregate of a French credit institution's loans and a portion of certain other exposure (*risques*) to a single customer (and related entities) may not exceed 25% of the credit institution's regulatory capital as defined by French capital ratio requirements. Individual exposures exceeding 10% (and in some cases 5%) of the credit institution's regulatory capital are subject to specific regulatory requirements.

Each French credit institution is required to calculate, as of the end of each month, the ratio of the weighted total of certain short-term and liquid assets to the weighted total of short-term liabilities. This liquidity ratio (*coefficient de liquidité*) is required to exceed 100% at all times. French credit institutions are entitled to opt for the “advanced” approach with respect to liquidity risk, upon request to the relevant Banking Authority and under certain conditions. Under the advanced approach, the credit institution is able to use its internal methodologies to determine the liquidity risk and ensure that it has sufficient liquidity at all times to honor its commitments. The CRD IV Regulation introduces liquidity requirements from 2015, after an initial observation period. Institutions will be required to hold liquid assets, the total value of which would cover the net liquidity outflows that might be experienced under gravely stressed conditions over a period of 30 days. This liquidity coverage ratio (“**LCR**”) will be phased-in gradually, starting at 60% in 2015 and reaching 100% in 2018. Until the LCR is fully introduced, EU member states may maintain or introduce national liquidity requirements.

The CRD IV Regulation will introduce a leverage ratio from 1 January 2018, if implemented by the Council and European Parliament following an initial observation period beginning 1 January 2015, during which institutions will be required to disclose their leverage ratio. The leverage ratio is defined as an institution’s tier 1 capital divided by its average total consolidated assets.

The Issuer’s commercial banking operations in France are also significantly affected by monetary policies established from time to time by the ECB in coordination with the *Banque de France*. Commercial banking operations, particularly in their fixing of short-term interest rates, are also affected in practice by the rates at which the *Banque de France* intervenes in the French domestic interbank market.

French credit institutions are subject to restrictions on equity investments and, subject to various specified exemptions for certain short-term investments and investments in financial institutions and insurance companies, “qualifying shareholdings” held by credit institutions must comply with the following requirements: (a) no “qualifying shareholding” may exceed 15% of the regulatory capital of the concerned credit institution and (b) the aggregate of such “qualifying shareholdings” may not exceed 60% of the regulatory capital of the concerned credit institution. An equity investment is a “qualifying shareholding” for the purposes of these provisions if (i) it represents more than 10% of the share capital or voting rights of the company in which the investment is made or (ii) it provides, or is acquired with a view to providing, a “significant influence” (*influence notable*, presumed when the credit institution controls at least 20% of the voting rights) in such company. Further, the ECB must authorize certain participations and acquisitions.

French regulations permit only licensed credit institutions to engage in banking activities on a regular basis. Similarly, institutions licensed as banks may not, on a regular basis, engage in activities other than banking, bank-related activities and a limited number of non-banking activities determined pursuant to the regulations issued by the French Minister of Economy. A regulation issued in November 1986 and amended from time to time sets forth an exhaustive list of such non-banking activities and requires revenues from those activities to be limited in the aggregate to a maximum of 10% of total net revenues.

Examination

In addition to the resolution powers set out below, the principal means used by the relevant Banking Authority to ensure compliance by large deposit banks with applicable regulations is the examination of the detailed periodic (monthly or quarterly) financial statements, *états périodiques réglementaires* and other documents that these banks are required to submit to the relevant Banking Authority. In the event that any examination were to reveal a material adverse change in the financial condition of a bank, an inquiry would be made, which could be followed by an inspection. The relevant Banking Authority may also inspect banks (including with respect to a bank’s foreign subsidiaries and branches, subject to international cooperation agreements) on an unannounced basis.

Deposit Guarantees

All credit institutions operating in France are required by law to be a member of the deposit and resolution guarantee fund (*Fonds de Garantie des Dépôts et de Résolution*), except branches of European Economic Area banks that are covered by their home country’s guarantee system. Domestic customer deposits denominated in euro and currencies of the European Economic Area are covered up to an amount of €100,000 and securities up to an aggregate value of €70,000, per customer and per credit institution, in both cases. The contribution of each credit institution is calculated on the basis of the aggregate deposits and

one-third of the gross customer loans held by such credit institution and of the risk exposure of such credit institution.

Additional Funding

The governor of the *Banque de France*, as chairman of the ACPR, after requesting the opinion of the ECB, can request that the shareholders of a credit institution in financial difficulty fund the institution in an amount that may exceed their initial capital contribution. However, credit institution shareholders have no legal obligation in this respect and, as a practical matter, such a request would likely be made to holders of a significant portion of the institution's share capital.

Internal Control Procedures

French credit institutions are required to establish appropriate internal control systems, including with respect to risk management and the creation of appropriate audit trails. French credit institutions are required to have a system for analyzing and measuring risks in order to assess their exposure to credit, market, global interest rate, intermediation, liquidity and operational risks. Such system must set forth criteria and thresholds allowing the identification of significant incidents revealed by internal control procedures. Any fraud generating a gain or loss of a gross amount superior to 0.5% of the Tier 1 capital is deemed significant provided that such amount is greater than €10,000.

With respect to credit risks, each credit institution must have a credit risk selection procedure and a system for measuring credit risk that permit, *inter alia*, centralization of the institution's on- and off-balance sheet exposure and for assessing different categories of risk using qualitative and quantitative data. With respect to market risks, each credit institution must have systems for monitoring, among other things, its proprietary transactions that permit the institution to record on at least a day-to-day basis foreign exchange transactions and transactions in the trading book, and to measure on at least a day-to-day basis the risks resulting from trading positions in accordance with the capital adequacy regulations. The institution must prepare an annual report for review by the institution's board of directors and the relevant Banking Authority regarding the institution's internal procedures and the measurement and monitoring of the institution's exposure.

Compensation Policy

French credit institutions and investment firms are required to ensure that their compensation policy is compatible with sound risk management principles. A significant portion of the compensation of employees whose activities may have a significant impact on the institution's risk exposure must be performance-based and a significant fraction of this performance-based compensation must be non-cash and deferred. Under the CRD IV Directive as implemented under French law, the aggregate amount of variable compensation of the above-mentioned employees cannot exceed the aggregate amount of their fixed salary; the shareholders' meeting may, however, decide to increase this cap to two times their fixed salary. The cap of variable compensation will apply to compensation awarded for services or performance as from the year 2014.

Money Laundering

French credit institutions are required to report to a special government agency (TRACFIN) placed under the authority of the French Minister of Economy all amounts registered in their accounts that they suspect come from drug trafficking or organized crime, from unusual transactions in excess of certain amounts, as well as all amounts and transactions that they suspect to be the result of offence punishable by a minimum sentence of at least one-year imprisonment or that could participate in the financing of terrorism.

French credit institutions are also required to establish "know your customer" procedures allowing identification of the customer (as well as the beneficial owner) in any transaction and to have in place systems for assessing and managing money laundering and terrorism financing risks in accordance with the varying degree of risk attached to the relevant clients and transactions.

Resolution Measures

European Bank Recovery and Resolution Directive

On 15 May 2014, the European Parliament and the Council of the European Union adopted a directive providing for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms: Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms (the “BRRD”). The stated aim of the BRRD is to provide relevant authorities with common tools and powers to address banking crises pre-emptively in order to safeguard financial stability and minimize taxpayers' exposure to losses.

The powers provided to “resolution authorities” in the BRRD include write down/conversion powers to ensure that capital instruments (which include common equity tier 1, additional tier 1 and tier 2 debt instruments, such as the Notes) and eligible liabilities (which include senior unsecured debt instruments) fully absorb losses at the point of non-viability of the issuing institution (referred to as the “Bail-In Tool”). Accordingly, the BRRD contemplates that resolution authorities may require the write-down of such capital instruments and eligible liabilities in full on a permanent basis, or convert them in full into common equity tier 1 instruments (“**BRRD Non-Viability Loss Absorption**”). The BRRD provides, inter alia, that resolution authorities shall exercise the write-down power in a way that results in (i) common equity tier 1 instruments being written down first in proportion to the relevant losses, (ii) thereafter, the principal amount of other capital instruments (including Tier 2 instruments such as the Notes) being written down or converted into common equity tier 1 instruments on a permanent basis and (iii) thereafter, eligible liabilities being written down or converted in accordance with a set order of priority. Following such a conversion, the resulting common equity tier 1 instruments may also be subject to the application of the Bail-In Tool.

The point of non-viability under the BRRD is the point at which the national authority determines that:

- (a) the institution individually, or the group to which it belongs, as applicable, is failing or likely to fail, which includes situations where:
 - (i) the institution infringes/will in the near future infringe the requirements for continuing authorization in a way that would justify withdrawal of such authorization including, but not limited to, because the institution has incurred/is likely to incur losses depleting all or a significant amount of its own funds;
 - (ii) the assets of the institution are/will be in a near future less than its liabilities;
 - (iii) the institution is/will be in a near future unable to pay its debts or other liabilities when they fall due;
 - (iv) the institution requires extraordinary public financial support; or
 - (v) the group infringes/will in the near future infringe its consolidated prudential requirements including, but not limited to, because the group has incurred or is likely to incur losses depleting all or a significant amount of its own funds.
- (b) there is no reasonable prospect that a private action would prevent the failure; and
- (c) except with respect to capital instruments, a resolution action is necessary in the public interest.

Except for the Bail-In Tool with respect to eligible liabilities that will apply as from 1 January 2016 at the latest, the BRRD contemplates that the measures set out therein, including the Bail-In Tool with respect to capital instruments (including Tier 2 instruments such as the Notes), apply as from 1 January 2015. However, its implementation is still in process in France.

In addition to the BRRD Non-Viability Loss Absorption, the BRRD provides resolution authorities with broader powers to implement other resolution measures with respect to institutions or under certain circumstances their groups, which reach non-viability, which may include (without limitation) the sale of the

institution's business, the separation of assets, the replacement or substitution of the institution as obligor in respect of debt instruments, modifications to the terms of debt instruments (including altering the maturity and/or the amount of interest payable and/or imposing a temporary suspension on payments) and discontinuing the listing and admission to trading of financial instruments.

French Bail-In Tool and Other Resolution Measures

Among other things, the French banking law dated 26 July 2013 (*Loi de séparation et de régulation des activités bancaires*) charges the ACPR with implementing measures for the prevention and resolution of banking crises and gives the ACPR very broad powers with respect to "failing credit institutions," i.e., institutions that, currently or in the near future (i) no longer comply with regulatory capital requirements, (ii) are not able to make payments that are, or will be imminently, due or (iii) require extraordinary public financial support.

In particular, the ACPR may implement a write-down of shareholders' equity and thereafter a write-down or conversion into equity of subordinated instruments (including Tier 2 instruments such as the Notes), but not unsubordinated debt, in accordance with their seniority. The ACPR will also be entitled to (i) transfer all or part of the institution's assets and activities, including to a bridge bank, (ii) force an institution to issue new equity, (iii) temporarily suspend payments to creditors and (iv) terminate executives or appoint a temporary administrator (*administrateur provisoire*). Conversion ratios and transfer prices are determined by the ACPR on the basis of a "fair and realistic" assessment.

The ACPR must use its powers "in a proportionate manner" to achieve the following objectives: (i) to preserve financial stability, (ii) to ensure the continuity of banking activities, services and transactions of financial institutions, the failure of which would have systemic implications for the French economy, (iii) to protect deposits and (iv) to avoid, or limit to the fullest extent possible, any public bail-out.

Further, recovery and resolution plans are required from credit institutions, or groups of credit institutions, whose balance sheet exceeds a certain threshold that will be fixed by a decree of the French Government. No separate obligation will arise with respect to an entity within the group that is already supervised on a consolidated basis. Each such institution or group must prepare a recovery plan (*plan préventif de rétablissement*) that will be reviewed by the ACPR. The ACPR is in turn required to prepare a resolution plan (*plan préventif de résolution*) for such institution or group.

Recovery plans must set out measures contemplated in case of a significant deterioration of an institution's financial situation. Such plans must be updated on a yearly basis (or immediately following a significant change in an institution's organization or business). The ACPR must assess the recovery plan to determine whether its resolution powers could in practice be effective, and, as necessary, can request changes in an institution's organization. More generally, the ACPR will comment on the draft recovery plan and can require modifications.

Resolution plans must set out, in advance of any failure, how the various resolution powers set out above are to be implemented for each institution, given its specific circumstances.

TERMS AND CONDITIONS OF THE NOTES

The terms and conditions of the Notes (the “**Conditions**”) will be as follows:

1. Introduction

- 1.1 *Notes:* The issue of the Euro (“**EUR**”) 2,000,000,000 Subordinated 2.625 per cent. Notes due 17 March 2027 (the “**Notes**”, which expression shall in these Conditions, unless the context otherwise requires, include any further notes issued pursuant to Condition 13 (*Further Issues*) and forming a single series with the Notes) of Crédit Agricole S.A. (the “**Issuer**”) was decided on 9 March 2015 by Olivier Bélorgey, *Directeur de la Gestion Financière* of the Issuer, acting pursuant to resolutions of the board of directors (*conseil d’administration*) of the Issuer dated 17 February 2015.
- 1.2 *Issue and Agency Agreement:* The Notes are issued with the benefit of an agency agreement dated on or about the Issue Date (as supplemented, amended and/or replaced from time to time, the “**Agency Agreement**”) between the Issuer, CACEIS Corporate Trust as Paris paying agent (the “**Paris Paying Agent**”, which expression includes any successor Paris paying agent appointed from time to time in connection with the Notes), CACEIS Bank Luxembourg as fiscal agent (the “**Fiscal Agent**”, which expression includes any successor fiscal agent appointed from time to time in connection with the Notes), paying agent (the “**Paying Agent**”, which expression includes any successor paying agent appointed from time to time in connection with the Notes) and exchange agent (the “**Exchange Agent**”, which expression includes any successor exchange agent appointed from time to time in connection with the Notes). Reference below to the “**Agents**” shall be to the Paris Paying Agent, and/or the Fiscal Agent and/or the Paying Agent and/or the Exchange Agent, as the case may be. Copies of the Agency Agreement are available for inspection at the specified offices of the Agents. References below to “**Conditions**” are, unless the context otherwise requires, to the numbered paragraphs below.

2. Interpretation

- 2.1 *Definitions:* In these Conditions the following expressions have the following meanings:

“**Applicable Banking Regulations**” means at any time the laws, regulations, requirements, guidelines and policies relating to capital adequacy then in effect in France including, without limitation to the generality of the foregoing, those regulations, requirements, guidelines and policies relating to capital adequacy then in effect of, and as applied by, the Relevant Regulator;

“**Business Day**” means a day, other than a Saturday, Sunday or public holiday which is a TARGET2 Settlement Day and on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in Paris;

“**Capital Event**” means a change in the regulatory classification of the Notes that was not reasonably foreseeable at the Issue Date, as a result of which the Notes would be fully excluded from Tier 2 Capital;

“**Coupon**” means, in relation to a Note, the interest coupons relating to that Note and, unless the context otherwise requires, the Talon relating to that Note;

“**Couponholders**” means the holders of the Coupons and, unless the context otherwise requires, the Talons;

“**Coupon Sheet**” means, in relation to a Note, the coupon sheet relating to that Note;

“**CRD IV**” means, taken together, the (i) CRD IV Directive and (ii) CRD IV Regulation;

“**CRD IV Directive**” means the Directive (2013/36/EU) of the European Parliament and of the Council on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms dated June 26, 2013 and published in the Official Journal of the European Union on June 27, 2013, as amended or replaced from time to time;

“CRD IV Regulation” means the Regulation (2013/575) of the European Parliament and of the Council on prudential requirements for credit institutions and investment firms dated June 26, 2013 and published in the Official Journal of the European Union on June 27, 2013, as amended or replaced from time to time;

“Day Count Fraction” means, in respect of the calculation of an amount for any period of time (the **“Calculation Period”**), Actual/Actual-ICMA which means:

- (A) if the Calculation Period is equal to or shorter than the Determination Period during which it falls, the number of days in the Calculation Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Periods normally ending in any year; and
- (B) if the Calculation Period is longer than one Determination Period, the sum of: the number of days in such Calculation Period falling in the Determination Period in which it begins divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year; and

the number of days in such Calculation Period falling in the next Determination Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year,

where :

“Determination Period” means the period from and including a Determination Date in any year to but excluding the next Determination Date; and

“Determination Date” means the Interest Payment Date.

For the Interest Period commencing on the Issue Date and ending on the next Interest Payment Date, the Determination Date means 17 March 2016.

“Holders” or **“Noteholders”** means holders of the Notes from time to time;

“Interest Payment Date” means 17 March in each year from (and including) 17 March 2016;

“Interest Period” means each period beginning on (and including) the Issue Date or any Interest Payment Date to (but excluding) the next Interest Payment Date;

“Issue Date” means 17 March 2015;

“Maturity Date” means 17 March 2027;

“Payment Business Day” means a day, other than a Saturday, Sunday or public holiday which is a TARGET2 Settlement Day and on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in (i) the relevant place of presentation for payment of any Note or Coupon and (ii) Paris;

“Person” means any individual, company, corporation, firm, partnership, joint venture, association, organisation, state or agency of a state or other entity, whether or not having separate legal personality;

“Rate of Interest” means 2.625 per cent. *per annum*;

“Redemption Amount” means, in respect of any Note, its principal amount and **“Redemption Amounts”** means the principal amounts of all of the Notes together;

“Relevant Date” means, in relation to any payment, whichever is the later of (i) the date on which the payment in question first becomes due and (ii) if the full amount payable has not been received

by the Fiscal Agent on or prior to such due date, the date on which (the full amount having been so received) notice to that effect has been given to the Holders in accordance with Condition 14 (*Notices*);

“Relevant Regulator” means the European Central Bank and any successor or replacement thereto, or other authority having primary responsibility for the prudential oversight and supervision of the Issuer;

“Special Event” means either a Tax Event or a Capital Event;

“Talon” means, in relation to a Note, the talon for further interest coupons relating to that Note;

“TARGET2 Settlement Day” means any day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System is open;

“Tax Event” has the meaning given to such term in Condition 6.3 (*Redemption upon the occurrence of a Tax Event*); and

“Tier 2 Capital” means capital which is treated by the Relevant Regulator as a constituent of tier 2 under Applicable Banking Regulations from time to time for the purposes of the Issuer.

2.2 *Interpretation:* In these Conditions:

- (i) Notes and Holders and Noteholders shall respectively be deemed to include references to Coupons and Couponholders, if relevant;
- (ii) any reference to principal shall be deemed to include the Redemption Amount and any additional amounts in respect of principal which may be payable under Condition 8 (*Taxation*) and any other amount in the nature of principal payable pursuant to these Conditions;
- (iii) any reference to interest shall be deemed to include any additional amounts in respect of interest which may be payable under Condition 8 (*Taxation*); and
- (iv) references to Notes being “outstanding” shall be construed in accordance with the Agency Agreement.

3. **Form, Denomination and Title**

3.1 *Form of Notes and denomination:* The Notes are issued in bearer form in the denominations of €100,000 and integral multiples of €1,000 in excess thereof, up to and including €199,000, each with Coupons and, if necessary, Talons attached on issue. Notes of one denomination will not be exchangeable for Notes of another denomination.

3.2 *Title:* Title to Notes and Coupons will pass by delivery. The Holder of any Note or Coupon shall (except as otherwise required by law) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any other interest therein, any writing thereon or any notice of any previous loss or theft thereof) and no Person shall be liable for so treating such Holder.

4. **Status of the Notes**

The Notes are subordinated notes (constituting *obligations* under French law) issued pursuant to the provisions of Article L. 228-97 of the French *Code de commerce*.

Principal and interest of the Notes constitute direct, unconditional, unsecured and subordinated obligations of the Issuer and rank:

- (i) *pari passu* without any preference among themselves;
- (ii) *pari passu* with (a) any obligations or capital instruments of the Issuer which constitute Tier 2

Capital of the Issuer and (b) any other present and future direct, unconditional, unsecured and subordinated obligations of the Issuer that rank or are expressed to rank equally with the Notes ;

- (iii) senior to any present and future *prêts participatifs* granted to the Issuer, *titres participatifs* issued by the Issuer and deeply subordinated obligations of the Issuer (*engagements dits "super subordonnés" or engagements subordonnés de dernier rang*) ;
- (iv) junior to present and future unsubordinated creditors (including depositors) of the Issuer and subordinated creditors of the Issuer other than the present or future claims of creditors that rank or are expressed to rank *pari passu* with or junior to the Notes.

If any judgment is rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason, the rights of payment of the Holders of the Notes shall be subordinated to the payment in full of unsubordinated creditors (including depositors) and subordinated creditors of the Issuer other than the present or future claims of creditors that rank or are expressed to rank *pari passu* with or junior to the Notes, and, subject to such payment in full, the Holders of the Notes shall be paid in priority to any *prêts participatifs* granted to the Issuer, any *titres participatifs* issued by it and any deeply subordinated obligations of the Issuer (*engagements dits "super subordonnés" or engagements subordonnés de dernier rang*).

In the event of incomplete payment of unsubordinated creditors and/or subordinated claims ranking ahead of the claims of Holders of the Notes, the obligations of the Issuer in connection with the Notes will be terminated.

If an insolvency proceeding or voluntary liquidation applies to the Issuer, the Holders of the Notes shall be responsible for taking all steps necessary to preserve the rights they may have against the Issuer.

It is the intention of the Issuer that the Notes shall, for supervisory purposes, be treated as Tier 2 Capital, but that the obligations of the Issuer and the rights of the Noteholders under the Notes shall not be affected if the Notes no longer qualify as Tier 2 Capital. However, the Issuer may redeem the Notes in accordance with Condition 6.2 (*Redemption upon the occurrence of a Capital Event*).

There is no negative pledge in respect of the Notes.

5. Interest

- 5.1 *Interest rate*: The Notes bear interest at the Rate of Interest from (and including) the Issue Date. Interest shall be payable annually in arrear on each Interest Payment Date, subject in any case as provided in Condition 7 (*Payments and exchange of Talons*).
- 5.2 *Accrual of interest*: Each Note will cease to bear interest from the due date for redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition (as well after as before judgment) until whichever is the earlier of:
 - (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Holder; and
 - (ii) the day which is seven (7) days after the Fiscal Agent has notified the Holders in accordance with Condition 14 (*Notices*) that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).
- 5.3 *Calculation of amount of interest per Note*: The amount of interest payable in respect of a Note on the Interest Payment Date in relation to each Interest Period, on any date fixed for redemption, or on any other date shall be calculated by:

- (i) applying the Rate of Interest to the principal amount of a Note;
- (ii) multiplying the product thereof by the Day Count Fraction; and
- (iii) rounding the resulting figure to the nearest cent (half a cent being rounded upwards).

6. Redemption and Purchase

6.1 *Maturity date:* Unless previously redeemed or purchased and cancelled as provided below, the Notes will be redeemed on the Maturity Date at their Redemption Amount.

6.2 *Redemption upon the occurrence of a Capital Event:* Upon the occurrence of a Capital Event, the Issuer may, at its option (but subject to the provisions of Condition 6.6 (*Conditions to redemption and purchase prior to Maturity Date*)) at any time, subject to having given not more than forty-five (45) nor less than thirty (30) calendar days' notice to the Holders in accordance with Condition 14 (*Notices*) (which notice shall be irrevocable), redeem all (but not some only) of the outstanding Notes at their Redemption Amounts, together with accrued but unpaid interest (if any) thereon.

6.3 *Redemption upon the occurrence of a Tax Event:*

- (i) If by reason of any change in the laws or regulations of any Tax Jurisdiction, or any change in the application or official interpretation of such laws or regulations, in each case becoming effective on or after the Issue Date, the tax regime of any payments under the Notes is modified and such modification results in the part of the interest payable by the Issuer under the Notes that is tax-deductible being reduced, the Issuer may, at its option (but subject to the provisions of Condition 6.6 (*Conditions to redemption and purchase prior to Maturity Date*) and the provisions of paragraph (iii) below), at any time, subject to having given not more than forty-five (45) nor less than thirty (30) calendar days' notice to Noteholders (which notice shall be irrevocable) in accordance with Condition 14 (*Notices*), redeem all, but not some only, of the outstanding Notes at their Redemption Amounts together with accrued but unpaid interest (if any) thereon, provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make such payment with such interest payable being tax deductible for corporate income tax purposes.
- (ii) If by reason of a change in the laws or regulations of any Tax Jurisdiction, or any change in the application or official interpretation of such laws or regulations becoming effective on or after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay additional amounts as specified under Condition 8 (*Taxation*), the Issuer may, at its option (but subject to the provisions of Condition 6.6 (*Conditions to redemption and purchase prior to Maturity Date*) and the provisions of paragraph (iii) below), at any time, subject to having given not more than forty-five (45) nor less than thirty (30) calendar days' prior notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 14 (*Notices*), redeem all, but not some only, of the outstanding Notes at their Redemption Amounts together with accrued but unpaid interest (if any) thereon, provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and interest without withholding for taxes of the Tax Jurisdiction;
- (iii) The Issuer will not give notice under this Condition 6.3 unless it has demonstrated to the satisfaction of the Relevant Regulator that the change referred to in paragraphs (i) or (ii) above is material and was not reasonably foreseeable at the time of issuance of the Notes.

6.4 *Purchase:* The Issuer may at any time on or after the fifth (5th) anniversary of the Issue Date (but subject to the provisions of Condition 6.6 (*Conditions to redemption and purchase prior to Maturity Date*)) purchase Notes in the open market or otherwise and at any price in accordance with applicable laws and regulations. Notes repurchased by or on behalf of the Issuer may be purchased and held in accordance with Article L.213-1-A of the French *Code monétaire et financier* for the purpose of

enhancing the liquidity of the Notes for a maximum period of one year from the date of purchase in accordance with Article D. 213-1-A of the French *Code monétaire et financier*.

The Issuer or any agent on its behalf shall have the right at all times to purchase the Notes for market making purposes provided that: (a) the prior written approval of the Relevant Regulator shall be obtained; and (b) the total principal amount of the Notes so purchased does not exceed the lower of (x) 10% of the initial aggregate principal amount of the Notes and such any further notes issued under Condition 13 (*Further Issues*), or (y) 3% of the Tier 2 Capital of the Issuer from time to time outstanding calculated in accordance with the Applicable Banking Regulations.

- 6.5 *Cancellation*: All Notes which are redeemed or (subject to the first paragraph of Condition 6.4 (*Purchase*)) purchased will forthwith (but subject to the provisions of Condition 6.6 (*Conditions to redemption prior to Maturity Date*)) be cancelled (together with all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and the Notes purchased and cancelled pursuant to Condition 6.4 (*Purchase*) above (together with all unmatured Coupons and unexchanged Talons cancelled therewith) shall be forwarded to the Fiscal Agent and cannot be reissued or resold.
- 6.6 *Conditions to redemption and purchase prior to Maturity Date*: The Notes may only be redeemed, purchased or cancelled (as applicable) pursuant to Condition 6.2 (*Redemption upon the occurrence of a Capital Event*), Condition 6.3 (*Redemption upon the occurrence of a Tax Event*), Condition 6.4 (*Purchase*) or Condition 6.5 (*Cancellation*), as the case may be, if:
- (i) the Relevant Regulator has given its prior written approval to such redemption, purchase or cancellation (as applicable); in this respect, article 78 of the CRD IV Regulation provides that the Relevant Regulator shall grant permission to a redemption or repurchase of the Notes provided that either of the following conditions is met, as applicable to the Notes:
 - a) on or before such redemption or repurchase of the Notes, the Issuer replaces the Notes with instruments qualifying as Tier 2 Capital of an equal or higher quality on terms that are sustainable for the Issuer's income capacity; or
 - b) the Issuer has demonstrated to the satisfaction of the Relevant Regulator that the tier 1 capital and the Tier 2 Capital of the Issuer would, following such redemption or repurchase, exceed the capital ratios required under CRD IV by a margin that the Relevant Regulator may consider necessary on the basis set out in CRD IV for it to determine the appropriate level of capital of an institution; and
 - (ii) in the case of a redemption as a result of a Special Event, the Issuer has delivered a certificate to the Fiscal Agent (with copies thereof being available at the Fiscal Agent's specified office during its normal business hours) not less than five (5) Business Days prior to the date set for redemption that such Special Event has occurred or will occur no more than ninety (90) days following the date fixed for redemption, as the case may be.

7. Payments and exchange of Talons

- 7.1 *Principal*: Payments of principal shall be made only against presentation and (provided that payment is made in full) surrender of the Note at the specified office of any Paying Agent outside the United States. Subject as provided in these Conditions, payments will be in euros made by credit or transfer to a euro account maintained by the payee with, or, at the option of the payee, by a cheque in euros drawn on, a bank in Paris.
- 7.2 *Interest*: Payments of interest shall, subject to Condition 7.7 (*Payments Other Than in Respect of Matured Coupons*) below, be made only against presentation and (provided that payment is made in full) surrender of the appropriate Coupons at the specified office of any Paying Agent outside the United States in the manner described in Condition 7.1 (*Principal*) above.
- 7.3 *Payments on Business Days*: If the due date for payment of any amount in respect of any Note or Coupon is not a Payment Business Day, the Holder shall not be entitled to payment of the amount

due until the next succeeding Payment Business Day and shall not be entitled to any further interest or other payment in respect of any such delay.

7.4 *Paris Paying Agent, Fiscal Agent, Paying Agent and Exchange Agent.*

- (i) The name and specified office of the initial Paris Paying Agent are as follows: CACEIS Corporate Trust, 14 rue Rouget de Lisle – 92862 Issy Les Moulineaux – France;
- (ii) The name and specified office of the Fiscal Agent, the name and specified office of the Exchange Agent and the name and specified office of the initial Paying Agent are as follows: CACEIS Bank Luxembourg, 5 Allée Schaeffer – L-2520 Luxembourg – Luxembourg.

The Issuer reserves the right at any time to vary or terminate the appointment of the Paris Paying Agent, Fiscal Agent, Paying Agent, Exchange Agent, and/or appoint a substitute Paris Paying Agent, Fiscal Agent, Paying Agent, Exchange Agent or approve any change in the office through which the Paris Paying Agent, the Fiscal Agent, the Paying Agent or the Exchange Agent acts, provided that there will at all times be a Fiscal Agent having a specified office in a European city and provided further that the conditions set forth in Condition 8.3 (*Maintenance of Paying Agent*) are satisfied. Any notice of a change in Paris Paying Agent, Fiscal Agent, Paying Agent, Exchange Agent or their specified office shall be given to Noteholders as specified in Condition 14 (*Notices*).

7.5 *Payments subject to Fiscal laws:* Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 8 (*Taxation*) below and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the “Code”) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code (or any regulations or agreements thereunder or official interpretations thereof), or an intergovernmental agreement between the United States and another jurisdiction facilitating the implementation thereof (or any law implementing such an intergovernmental agreement) (collectively, “**FATCA**”).

7.6 *Unmatured Coupons Void:* On the due date for redemption in whole of any Note pursuant to Condition 6.2 (*Redemption upon the occurrence of a Capital Event*) or Condition 6.3 (*Redemption upon the occurrence of a Tax Event*), all unmatured Coupons (which expression will, for the avoidance of doubt, include Coupons failing to be issued on exchange of matured Talons) relating thereto (whether or not still attached) shall become void and no payment will be made in respect thereof.

7.7 *Payments Other Than in Respect of Matured Coupons:* Payments of interest other than in respect of matured Coupons shall be made only against presentation of the relevant Notes at the specified office of any Paying Agent outside the United States.

7.8 *Exchange of Talons:* On and after the Interest Payment Date on which the final Coupon comprised in any Coupon Sheet matures, the Talon comprised in the Coupon Sheet may be surrendered at the specified office of any Paying Agent in exchange for a further Coupon Sheet (including any appropriate further Talon), subject to the provisions of Condition 15 (*Prescription*).

7.9 *Partial Payments:* If a Paying Agent makes a partial payment in respect of any Note or Coupon presented to it for payment, such Paying Agent will endorse thereon a statement indicating the amount and date of such payment.

8. **Taxation**

8.1 *Withholding Tax*

All payments of principal and interest in respect of the Notes and Coupons by or on behalf of the Issuer shall be made free and clear of and without withholding or deduction for or on account of any and all present or future taxes, duties, levies, imposts or charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of a Tax Jurisdiction or any political subdivision therein or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, levies, imposts or governmental charges (together,

“Taxes”) is required by law. In that event, the Issuer shall pay, to the fullest extent permitted by law, such additional amounts as may be necessary in order that the Holder of each Note, after such deduction or withholding, will receive the same amounts as would have been received by them had no such withholding or deduction been required; provided, however, that the Issuer shall not be liable to pay any such additional amounts with respect to any Note or Coupon:

- (i) to or on behalf of a Holder or beneficial owner who is subject to such Taxes in respect of such Note or Coupon by reason of the Holder or beneficial owner being connected with the Tax Jurisdiction otherwise than by reason only of the holding of such Note or Coupon or receipt of payments thereon;
- (ii) presented for payment (where presentation is required) more than 30 days after the Relevant Date, except to the extent that the relevant Holder would have been entitled to such additional amounts on presenting the same for payment on or before the expiry of such period of 30 days;
- (iii) where such withholding or deduction is imposed pursuant to the European Council Directive 2003/48/EC or any other Directive amending, supplementing or replacing such Directive or implementing the conclusions of the ECOFIN Council meeting of November 26-27, 2000 or any subsequent meeting of the Council of the European Union on the taxation of savings income, or any law implementing or complying with, or introduced in order to conform to, such Directive, or Directives;
- (iv) where such withholding or deduction would not have been so imposed but for the failure to comply, following a timely request by the Issuer, with any applicable certification, identification, documentation, information or other reporting requirement concerning the nationality, residence, identity or connection with a Tax Jurisdiction of the Holder or beneficial owner if, without regard to any tax treaty, such compliance is required under the tax laws or regulations of a Tax Jurisdiction or any political subdivision or taxing authority thereof or therein to establish an entitlement to an exemption from such withholding or deduction;
- (v) presented for payment (where presentation is required) by or on behalf of a Holder who would have been able to avoid such withholding or deduction by presenting the relevant Note or Coupon to another Paying Agent; or
- (vi) where such withholding or deduction is imposed pursuant to FATCA.

As used herein, **“Tax Jurisdiction”** means the Republic of France or any other jurisdiction in which the Issuer or any of its successors, following a merger or similar event, is or becomes organized or resident for tax purposes, or any political subdivision or taxing authority in or of any of the foregoing.

As used herein the **“Relevant Date”** in relation to any Note means whichever is the later of:

- (i) the date on which the payment in respect of such Note first became due and payable; or
- (ii) if the full amount of the moneys payable on such a date in respect of such Note has not been received by the Paying Agent on or prior to the due date, the date on which notice is duly given to the Noteholders that such moneys have been so received.

8.2 *Supply of information*

Each Holder of Notes shall be responsible for supplying to the Paying Agent, in a timely manner, any information as may be reasonably required by the latter in order for it to comply with the identification and reporting obligations imposed on it by European Council Directive 2003/48/EC or any other Directive amending, supplementing or replacing such Directive or implementing the conclusions of the ECOFIN Council Meeting of 26-27 November 2000 or any subsequent meeting of the Council of the European Union on the taxation of savings income, or any law implementing or complying with, or introduced in order to conform to, such Directive or Directives.

8.3 *Maintenance of Paying Agent*

The Issuer shall at all times maintain a Paying Agent in a jurisdiction that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any other Directive amending, supplementing or replacing such Directive, or implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 or any subsequent meeting of the Council of the European Union on the taxation of savings income, or any law implementing or complying with, or introduced in order to conform to, such Directive or Directives.

9. **Replacement of Notes and Coupons**

If any Note or Coupon is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Fiscal Agent (and, if the Notes are then admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent in any particular place, the Paying Agent having its specified office in the place required by such listing authority, stock exchange and/or quotation system), subject to all applicable laws and listing authority, stock exchange and/or quotation system requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may reasonably require. Mutilated or defaced Notes or Coupons must be surrendered before replacements will be issued.

10. **Agents**

In acting under the Agency Agreement and in connection with the Notes and the Coupons, each of the Paris Paying Agent, the Fiscal Agent, the Paying Agent and the Exchange Agent acts solely as agent of the Issuer and no such Agent assumes any obligations towards or relationship of agency or trust for or with any of the Holders or Couponholders and each of them shall only be responsible for the performance of the duties and obligations expressly imposed upon it in the Agency Agreement or other agreement entered into with respect of its appointment or incidental thereto.

11. **Event of Default**

There are no events of default under the Notes which would lead to an acceleration of the Notes if certain events occur. However, if any judgment were issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer were liquidated for any other reason, then the Notes would become immediately due and payable, subject as described in Condition 4 (*Status of the Notes*).

12. **Meetings of Holders – Modification – Supplemental Agreements**

As the Notes are being issued outside of the Republic of France within the meaning of Article L.228-90 of the French *Code de Commerce* and as the Notes are governed by and construed in accordance with English law (save for Condition 4 (*Status of the Notes*), which is governed by and construed with in accordance with French law), the provisions of the French *Code de commerce* relating to the *masse* will not apply to the Holders.

12.1 **Modification and Amendment**

The Issuer may at any time call a meeting of the Holders of Notes to seek their approval of the modification of or amendment to, or obtain a waiver of, any provision of the Notes. This meeting will be held at the time and place determined by the Issuer and specified in a notice of such meeting furnished to the Holders. This notice must be given at least 30 days and not more than 60 days prior to the meeting.

With respect to the Notes, the Issuer may, with the consent of the Holders of not less than a majority of the principal amount of the then outstanding Notes or the consent of a majority of the principal amount of Notes present and voting at a meeting where a quorum is present, modify and amend the provisions of such Notes, including to grant waivers of future compliance or past default (other than a payment default) by the Issuer, and if so required, the Issuer will instruct the relevant Agent to give effect to any such amendment, as the case may be, at the sole expense of

the Issuer. No such amendment or modification shall, however, without the consent of each Holder affected thereby, with respect to Notes owned or held by such Holder:

- (a) change the stated maturity of principal of or any installment of principal of or interest, if any, on, any such Note;
- (b) reduce the principal amount of, or any interest on, any such Note or any premium payable upon the redemption thereof with respect thereto;
- (c) change the currency of payment of principal of, premium, if any, or interest, if any, on any such Note;
- (d) impair the right to institute suit for the enforcement of any such payment on any such Note;
- (e) reduce the above stated percentage of Holders of Notes necessary to modify or amend the Notes; or
- (f) modify any of the provisions of this Condition 12, except to increase any such percentage in aggregate principal amount required for any actions by Holders or to provide that certain other provisions of the Notes cannot be modified or waived without the consent of the Holder of each outstanding Note affected thereby.

No consent of the Holders is or will be required for any modification or amendment requested by the Issuer or by the Fiscal Agent with the consent of the Issuer to:

- (a) add to the Issuer's covenants for the benefit of the Holders;
- (b) surrender any right or power of the Issuer in respect of the Notes or the Agency Agreement;
- (c) provide security or collateral for the Notes;
- (d) cure any ambiguity in any provision, or correct any defective provision, of the Notes; or
- (e) change the terms and conditions of the Notes or the Agency Agreement in any manner that the Issuer deems necessary or desirable so long as any such change does not, and will not, adversely affect the rights or interest of any affected Holder.

12.2 Meeting of Holders

If at any time the Holders of at least 10% in principal amount of the then outstanding Notes request the Issuer to call a meeting of the Holders of such Notes for any purpose, by written request setting forth in reasonable detail the action proposed to be taken at the meeting, the Issuer will call the meeting for such purpose. This meeting will be held at the time and place determined by the Issuer and specified in a notice of such meeting furnished to the Holders. This notice must be given at least 30 days and not more than 60 days prior to the meeting.

Holders who hold a majority in principal amount of the then outstanding Notes will constitute a quorum at a Holders' meeting. In the absence of a quorum, a meeting may be adjourned for a period of at least 20 days. At the reconvening of a meeting adjourned for lack of quorum, Holders of 25% in principal amount of the then outstanding Notes shall constitute a quorum. Notice of the reconvening of any meeting may be given only once, but must be given at least ten days and not more than 15 days prior to the meeting.

12.3 Supplemental Agreements

Subject to the terms of this Condition 12, the Issuer and the Fiscal Agent may enter into an agreement or agreements supplemental to the Agency Agreement for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Agency Agreement. Upon the execution of any supplemental agreement under the Agency Agreement, the Agency Agreement shall be modified in accordance therewith, and such supplemental agreement

shall form a part of the Agency Agreement for all purposes. The Fiscal Agent may, but shall not be obligated to, enter into any such supplemental agreement which affects the Fiscal Agent's own rights, duties or immunities under the Agency Agreement or otherwise. If the Issuer shall so determine, new Notes, modified so as to conform, in the opinion of the Fiscal Agent and the Issuer, to any such supplemental agreement may be prepared and executed by the Issuer and authenticated and delivered by the Fiscal Agent in exchange for the Notes.

13. Further Issues

The Issuer may from time to time, without the consent of the Noteholders, issue further notes to be assimilated (*assimilées*) with the Notes as regards their financial service, provided that such further notes and the Notes shall carry rights identical in all respects (or in all respects except for the first payment of interest thereon) and that the terms of such further notes shall provide for such assimilation, so as to form a single series with the Notes.

14. Notices

Notices to Holders will be deemed to be validly given if published in a leading English language daily newspaper having general circulation in Europe (which is expected to be the *Financial Times*) or, if the Notes are listed on Euronext Paris (so long as such Notes are listed on Euronext Paris and the rules of that exchange so permit), if published on the website of Euronext Paris.

The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any stock exchange or other relevant authority on which the Notes are for the time being listed or by which they have been admitted to trading.

Any notice so given will be deemed to have been validly given on the date of first such publication (or, if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers). Couponholders will be deemed for all purposes to have notice of the contents of any notice given to the Holders in accordance with this Condition 14.

15. Prescription

Claims for principal shall become void unless the relevant Notes are presented for payment within ten years of the appropriate Relevant Date. Claims for interest shall become void unless the relevant Coupons (which for this purpose does not include the Talons) are presented for payment within five years of the appropriate Relevant Date. There may not be included in any Coupon Sheet issued upon exchange of a Talon any Coupon which would be void upon issue under this Condition 15 (*Prescription*) or Condition 7 (*Payments and Exchange of Talons*).

16. Governing Law and Jurisdiction

16.1 Governing law

The Notes, the Agency Agreement, and any non-contractual obligations arising therefrom or in connection therewith, shall be governed by, and construed in accordance with, English law, except for Condition 4 (*Status of the Notes*) which shall be governed by, and construed in accordance with, French law.

16.2 Jurisdiction

The Courts of England have exclusive jurisdiction to settle any disputes that may arise out of or in connection with any Notes, Coupons or Talons (including any dispute relating to any non-contractual obligations arising from or in connection with the Notes, Coupons or Talons).

16.3 Service of Process

The Issuer appoints Crédit Agricole S.A., London Branch currently at Broadwalk House, 5 Appold Street, London EC2A 2DA, England, as its agent for service of process, and undertakes that, in the

event of Crédit Agricole S.A., London Branch ceasing so to act or ceasing to be registered in England, it will appoint another person as its agent for service of process in England in respect of any proceedings. Nothing herein shall affect the right to serve proceedings in any other manner permitted by law.

17. Rights of Third Parties

No person shall have any right to enforce any term or Condition in respect of a Note under the Contracts (Rights of Third Parties) Act 1999.

OVERVIEW OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

The Notes are being offered and sold only to persons other than U.S. persons in offshore transactions in reliance on Regulation S.

Global Note

The Notes will initially be represented by Global Notes, without Coupons, which will be deposited on or around the Issue Date with a common depository for Euroclear Bank S.A./N.V. ("**Euroclear**") and "Clearstream Banking, société anonyme ("**Clearstream, Luxembourg**"). Each of Euroclear; Clearstream, Luxembourg and the common depository for Euroclear and Clearstream, Luxembourg is prohibited from transferring the Global Notes except to a successor clearing organization (or a custodian or depository acting as an agent of the clearing organization), which shall be subject to the same restriction.

Global Note Exchangeable for Definitive Notes

Interests in the Global Note will be exchangeable, in whole but not in part only and at the request of the bearer of the Global Note against presentation and surrender of the Global note to the Paying Agent, for Definitive Notes, if Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of fourteen days (other than by reason of legal holidays) or announces an intention permanently to cease business or in fact does so. The Global Notes will contain provisions allowing Holders to enforce direct rights in the event Definitive Notes are not delivered.

Interests in the Global Note will also become exchangeable, in whole but not in part only and at the request of the Issuer, for Definitive Notes if there is a change in the tax laws of France that would be adverse to the Issuer but for the issuance of Notes in definitive form.

Notes will have attached thereto at the time of their initial delivery, Coupons. Definitive Notes will also, if necessary, have attached thereto at the time of their initial delivery Talons and the expression Coupons shall, where the context so requires, include Talons.

Whenever the Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the Holder) of such Definitive Notes, duly authenticated and with Coupons and, if necessary, Talons attached, in an aggregate principal amount equal to the principal amount of the Global Note to the Holder of the Global Note against the surrender of the Global Note to or to the order of the Fiscal Agent within thirty days of the Holder requesting such exchange.

Terms and Conditions Applicable to the Notes

The Terms and Conditions applicable to any Definitive Note will be endorsed on that Note and will consist of the Terms and Conditions set out under "*Terms and Conditions of the Notes*" above.

The Terms and Conditions applicable to the Notes represented by one or more Global Notes will differ from those Terms and Conditions which would apply to the Notes were they in definitive form to the extent described in this section.

Each Global Note will contain provisions which modify the Terms and Conditions of the Notes as they apply to the relevant Global Note. The following is a summary of certain of those provisions:

Payments

All payments in respect of the Global Note will be made against presentation and (in the case of payment of principal in full with all interest accrued thereon) surrender of the Global Note to or to the order of the Holder and will be effective to satisfy and discharge the corresponding liabilities of the Issuer in respect of the Notes. Each payment will be made to, or to the order of, the person who is the Holder of the Global Note at the close of business on the record date which shall be on the Clearing System Business Day immediately prior to the date for payment, where Clearing System Business Day means Monday to Friday inclusive except 25 December and 1 January. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of the Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each

payment so made by the Issuer to, or to the order of, the Holder of such Global Note. For the purpose of any payments made in respect of a Global Note, the relevant place of presentation shall be disregarded in the definition of Payment Business Day set out in Condition 2.1 (*Definitions*).

Notices

Notwithstanding Condition 14 (*Notices*), while all the Notes are represented by one or more Global Notes and such Global Note(s) are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, the requirement in Condition 14 (*Notices*) for a notice to be published in a leading English language daily newspaper having general circulation in Europe (which is expected to be the Financial Times) shall not apply and notices to Holders may instead be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system for communication by them to the persons shown in their respective records as having interests therein and, in any case, such notices shall be deemed to have been given to the Holders in accordance with Condition 14 (*Notices*) on the date of delivery to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system. In the event that notices are delivered to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, so long as the Notes are listed on Euronext Paris and the rules of that exchange so permit, notices shall also be published on the website of Euronext Paris.

Clearing Systems

Any reference herein to Euroclear and/or Clearstream, Luxembourg, as the case may be, shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer, the Fiscal Agent, the Paying Agent and the Holders.

CAPITALIZATION

The table below sets forth the unaudited consolidated capitalization of the Issuer as of 31 December 2014. Except as set forth in this section, there has been no material change in the capitalization of the Issuer since 31 December 2014.

<i>in millions of euros</i>	As of 31 December 2014 (unaudited)
Debt securities	172,921
Subordinated debt	25,937
Total	198,858
Shareholders' Equity (group share):	50,063
<i>Share capital and reserves</i>	33,563
<i>Consolidated reserves</i>	10,026
<i>Other comprehensive income</i>	4,134
<i>Net income</i>	2,340
Non-controlling interests	6,053
Total Capitalization	254,974

Since 31 December 2014 through 4 March 2015, the Issuer's (parent company only) "debt securities in issue," for which the maturity date as of 4 March 2015 is more than one year, did not increase by more than €4,600 million, and "subordinated debt securities," for which the maturity date as of 4 March 2015 is more than one year, did not increase by more than €1,500 million.

Simultaneously with the offering made hereby, the Issuer has offered and sold US\$1.5 billion principal amount of its subordinated 4.375 per cent. notes due 17 March 2025. Settlement of this transaction is expected to occur on 17 March 2015.

USE OF PROCEEDS

The Issuer intends to use the net proceeds of the issuance of the Notes, estimated to be €1,991,380,000.00 (after deducting underwriting discounts and before other expenses), for general corporate purposes.

TAXATION

The comments below are of a general nature and are not intended to be exhaustive. They are based upon laws, regulations, decrees, rulings, income tax conventions (treaties), administrative practice and judicial decisions in effect as of the date of this Prospectus. Legislative, judicial or administrative changes or interpretations may, however, be forthcoming. Any such changes or interpretations could affect the tax consequences to Noteholders, possibly on a retroactive basis, and alter or modify the statements and conclusions set forth herein. This summary does not purport to be a legal opinion or to address all tax aspects that may be relevant to a Noteholder. Each prospective Noteholder is urged to consult its own tax advisor as to the particular tax consequences to such holder of the ownership of the Notes, including the applicability and effect of any other tax laws or tax treaties, of pending or proposed changes in applicable tax laws as of the date hereof and of any actual changes in applicable tax laws after such date.

EU Savings Directive

Under Council Directive 2003/48/EC on the taxation of savings income (the “**Savings Directive**”), each Member State of the European Union is required to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or secured by such a person for, an individual beneficial owner resident in, or certain limited types of entity established in, that other Member State. However, for a transitional period, Austria will (unless during such period it elects otherwise) instead operate a withholding system in relation to such payments. Under such a withholding system, the beneficial owner of the interest payment must be allowed to elect that certain provision of information procedures should be applied instead of withholding. The rate of withholding is 35%. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to exchange of information procedures relating to interest and other similar income. Luxembourg operated such a withholding system until December 31, 2014 but the Luxembourg government has elected out of the withholding system in favour of automatic exchange of information with effect from January 1, 2015.

A number of non-EU countries and certain dependent or associated territories of certain Member States have adopted similar measures to the Savings Directive. On March 24, 2014, the Council of the European Union adopted a Directive amending the Savings Directive, which, when implemented, will amend and broaden the scope of the requirements described above (the “**Amending Directive**”). In particular, the Amending Directive will broaden the categories of entities required to provide information and/or withhold tax pursuant to the Savings Directive, and will require additional steps to be taken in certain circumstances to identify the beneficial owner of interest (and other income) payments, through a “look through” approach.

The EU Member States will have until January 1, 2016 to adopt the national legislation necessary to comply with this Amending Directive. Investors should inform themselves of, and where appropriate take advice on, the impact of the Savings Directive, once amended, on their investment.

French Taxation Considerations Relating to the Notes

The descriptions below are intended as a brief summary of certain withholding tax consequences that may be relevant to holders of Notes who do not concurrently hold shares of the Issuer and of certain other tax considerations that may be relevant to holders of Notes who (i) are non-French residents, (ii) do not hold their Notes in connection with a business or profession conducted in France, as a permanent establishment or fixed base situated in France, and (iii) do not concurrently hold shares of the Issuer. Persons who are in any doubt as to their tax position should consult a professional tax adviser.

French Withholding Tax Considerations with respect to Interest Income and Other Revenues

The Savings Directive was implemented into French law under Article 242 *ter* of the French *Code général des impôts*, which imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

Pursuant to Article 125 A III of the French *Code général des impôts*, payments of interest and other revenues made by the Issuer on the Notes are not subject to withholding tax unless such payments are made outside

of France in a non-cooperative State or territory within the meaning of Article 238-0 A of the French *Code général des impôts* (a “**Non-Cooperative State**”), in which case a 75% withholding tax is applicable subject to exceptions, certain of which being set forth below, and to more favorable provisions of any applicable double tax treaty. The 75% withholding tax is applicable irrespective of the tax residence of the Noteholder. The list of Non-Cooperative States is published by a ministerial executive order, which is updated on a yearly basis.

Furthermore, according to Article 238 A of the French *Code général des impôts*, interest and other revenues are not deductible from the Issuer's taxable income, if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid to a bank account opened in a financial institution located in such a Non-Cooperative State. Under certain conditions, any such non-deductible interest or other revenues may be recharacterised as constructive dividends pursuant to Articles 109 et seq. of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* 2 of the same Code, at a rate of 30% or 75%, subject to more favorable provisions of any applicable double tax treaty.

Notwithstanding the foregoing, neither the 75% withholding tax provided by Article 125 A III of the French *Code général des impôts*, the non-deductibility of the interest and other revenues nor the withholding tax set out under Article 119 *bis* 2 that may be levied as a result of such non-deductibility, to the extent the relevant interest or revenues relate to genuine transactions and is not in an abnormal or exaggerated amount, will apply in respect of a particular issue of Notes provided that the Issuer can prove that the main purpose and effect of such issue of Notes is not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the “**Exception**”).

In addition, under French tax administrative guidelines (BOI-INT-DG-20-50-20140211) dated 11 February 2014, an issue of Notes benefits from the Exception without the Issuer having to provide any evidence supporting the main purpose and effect of such issue of Notes, if such Notes are:

- (i) offered by means of a public offer within the meaning of Article L. 411-1 of the French *Code monétaire et financier* or pursuant to an equivalent offer in a State other than a Non-Cooperative State. For this purpose, an “equivalent offer” means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority;
- (ii) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- (iii) admitted, at the time of their issue, to the operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depositories or operators are not located in a Non-Cooperative State.

Since the Notes will be cleared through a qualifying clearing system at the time of their issue, they will fall under the Exception. Consequently, payments of interest and other revenues made by the Issuer under the Notes will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts*.

Pursuant to Article 125 A of the French *Code général des impôts*, subject to certain exceptions, interest and similar revenues received by French tax resident individuals are subject to a 24% withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding tax at an aggregate rate of 15.5% on interest paid to French tax resident individuals.

Taxation on Sale or Other Disposition

Under article 244 bis C of the French General Tax Code, a person that is not a resident of France for the purpose of French taxation generally is not subject to any French income tax or capital gains tax on any gain

derived from the sale or other disposition of a Note, unless such Note forms part of the business property of a permanent establishment or a fixed base that such person maintains in France.

Stamp Duty and Other Transfer Taxes

Transfers of Notes outside France will not be subject to any stamp duty or other transfer tax imposed in France, provided such transfer is not recorded or referred to in any manner whatsoever in a deed executed in France.

Estate and Gift Tax

France imposes estate and gift tax on securities of a French company that are acquired by inheritance or gift. According to article 750 ter of the French General Tax Code, the taxation is triggered without regard to the residence of the transferor. However, France has entered into estate and gift tax treaties with a number of countries pursuant to which, assuming certain conditions are met, residents of the treaty country may be exempted from such tax or obtain a tax credit.

Wealth Tax

French wealth tax (*impôt de solidarité sur la fortune*) generally does not apply to Notes owned by non-French residents according to article 885 L of the French General Tax Code.

Prospective purchasers who are individuals are urged to consult with their own tax advisers.

SUBSCRIPTION AND SALE

1. Subscription of the Notes

Pursuant to the subscription agreement entered into on 10 March 2015 between the Issuer and the Managers (the “**Subscription Agreement**”), subject to certain conditions, the Managers have jointly and severally agree to subscribe and pay for, or to procure subscriptions and payment for, the Notes.

The Issuer has agreed to reimburse the Managers for certain of their expenses in connection with the issue of the Notes. In the Subscription Agreement, the Issuer has made certain representations and warranties in respect of its legal and financial matters.

The Subscription Agreement entitles the Managers to terminate their obligations thereunder in certain circumstances prior to payment of the purchase price of the Notes. The Issuer has agreed to indemnify the Managers against certain liabilities in connection with the offer and sale of the Notes.

2. Selling Restrictions

2.1 United States

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the “**Securities Act**”), or with any securities regulatory authority of any state or other jurisdiction of the United States, and the Notes may not be offered or sold, directly or indirectly, in the United States, or to, or for the account or benefit of, U.S. persons, except in accordance with Regulation S under the Securities Act (“**Regulation S**”).

Each of the Managers has agreed that it has not offered or sold, and will not offer or sell, the Notes (i) as part of its distribution at any time or (ii) otherwise until forty (40) calendar days after completion of the distribution of the Notes as determined, and certified to the Issuer by the Managers, in the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each distributor or dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting out the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons, substantially to the following effect:

“The Notes covered hereby have not been registered under the U.S. Securities Act of 1933, as amended (the “**Securities Act**”) and may not be offered and sold within the United States or to, or for the account or benefit of, U.S. persons (i) as part of their distribution at any time or (ii) otherwise until forty (40) days after the later of the commencement of the offering and the Closing Date, except in either case in accordance with Regulation S under the Securities Act (“**Regulation S**”). Terms used above have the meanings given to them by Regulation S.”

In addition, until forty (40) calendar days after the commencement of the offering of the Notes, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if the sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Terms used in this section 2.1 and not otherwise defined in the Prospectus have the meanings given to them by Regulation S.

2.2 European Economic Area

This Prospectus has been prepared on the basis that any offer to the public of the Notes in any Member State of the European Economic Area (each, a “**Relevant Member State**”), will be made pursuant to the following exemption under the Prospectus Directive, as implemented in that Relevant Member State from the requirement to publish a prospectus for offers of the Notes:

- (a) to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) to fewer than 100 or, if the Relevant Member State has implemented the relevant provisions of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as

defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the relevant dealer or dealers nominated by the Issuer for any such offer; or

- (c) in any other circumstances falling within Article 3(2) of the Prospectus Directive.

Accordingly, any person making or intending to make an offer in that Relevant Member State of the Notes may only do so in circumstances in which no obligation arises for the Issuer or any Manager to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Manager have authorized, nor do they authorize, the making of any offer of the Notes in circumstances in which an obligation arises for the Issuer or any Manager to publish or supplement a prospectus for such offer. As used herein, the expression an “**offer to the public**” in relation to the Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “**Prospectus Directive**” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive) and includes any relevant implementing measure in the Relevant Member State and the expression “**2010 PD Amending Directive**” means Directive 2010/73/EU.

This EEA selling restriction is in addition to any other selling restrictions set out in this Prospectus.

2.3 United Kingdom

Each of the Managers has represented, warranted and agreed that (in connection with the initial distribution of the Notes only):

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (the “**FSMA**”)) received by it in connection with the issue or sale of the Notes in circumstances in which Section 21(1) of the FSMA would not, if the Issuer were not an authorised person, apply to the Issuer; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom.

2.4 France

Each of the Managers has represented and agreed that (in connection with the initial distribution of the Notes only) it has not offered or sold and will not offer or sell, directly or indirectly, any Notes to the public in France and it has not distributed or caused to be distributed and will not distribute or cause to be distributed to the public in France, the Prospectus or any other offering material relating to the Notes and such offers, sales and distributions have been and will be made in France only to (a) persons providing investment services relating to portfolio management for the account of third parties (*personnes fournissant le service d'investissement de gestion de portefeuille pour compte de tiers*), and/or (b) qualified investors (*investisseurs qualifiés*), acting for their own account, as defined in, and in accordance with, Articles L.411-1, L.411-2 and D.411-1 of the French *Code monétaire et financier*.

2.5 Republic of Italy

The offering of the Notes has not been registered with the *Commissione Nazionale per le Società e la Borsa* (“**CONSOB**”) (the Italian Securities Exchange Commission) pursuant to Italian securities legislation and, accordingly, the Notes may not, and will not, be offered, sold or delivered, nor may or will copies of this Prospectus or of any other document relating to the Notes be distributed in the Republic of Italy, except:

- (a) to qualified investors (*investitori qualificati*), as defined pursuant to Article 100, first paragraph, letter a) of Legislative Decree No. 58 of 24 February 1998, as amended (the “**Financial Services Act**”) and Article 34-ter, first paragraph, letter b) of CONSOB Regulation No. 11971 of 14 May 1999, as amended (“**Regulation No. 11971**”); or

- (b) in any other circumstances where an express exemption from compliance with the restrictions on offers to the public applies, including, without limitation, as provided under Article 100 of the Financial Services Act and Article 34-ter of Regulation No. 11971.

Any offer, sale or delivery of the Notes or distribution of copies of this Prospectus or any other document relating to the Notes in the Republic of Italy under (a) or (b) above must be effected in accordance with all Italian securities, tax, exchange control and other applicable laws and regulations and, in particular, must be:

- (a) made by an investment firm, bank or financial intermediary permitted to conduct such activities in the Republic of Italy in accordance with the Financial Services Act, CONSOB Regulation No. 16190 of 29 October 2007, Regulation No. 11971 and Legislative Decree No. 385 of 1 September 1993 (the “**Banking Act**”), each as amended from time to time;
- (b) in compliance with Article 129 of the Banking Act, as amended, and the implementing guidelines of the Bank of Italy, as amended from time to time, pursuant to which the Bank of Italy may require information on the issue or the offer of securities in the Republic of Italy; and
- (c) in compliance with any other applicable laws and regulations or requirement imposed by the Bank of Italy, CONSOB or any other Italian authority.

Any investor purchasing the Notes in the offering is solely responsible for ensuring that any offer or resale of the Notes it purchased in this offering occurs in compliance with applicable Italian laws and regulations. No person resident or located in the Republic of Italy other than the original recipients of this document may rely on it or its contents.

This Prospectus, any other document relating to the Notes, and the information contained therein are intended only for the use of its recipient and, unless in circumstances which are exempted from the rules governing offers of securities to the public pursuant to Article 100 of the Financial Services Act and Article 34-ter of Regulation No. 11971, are not to be distributed, for any reason, to any third party resident or located in the Republic of Italy.

2.6 General

No action has been taken in any jurisdiction that would permit an offer to the public of any of the Notes. Neither the Issuer nor the Managers represents that Notes may at any time lawfully be resold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such resale.

Each of the Managers has agreed that it will, to the best of its knowledge, comply with all relevant securities laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes this Prospectus or any other offering material relating to the Notes and obtain any consent, approval or permission required for the purchase, offer or sale of the Notes under the laws and regulations in force in any jurisdiction in which it makes such purchase, offer or sale and the Issuer shall have no responsibility therefore.

3. Potential Conflicts of Interest

The Managers and their respective affiliates are full-service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. The several Managers and their respective affiliates may be engaged in a broad range of transactions that involve interests that differ from those of the Issuer, and the Managers have not provided any legal, accounting, regulatory or tax advice with respect to any offering contemplated hereby and the Issuer has consulted its own legal, accounting, regulatory and tax advisors to the extent it deemed appropriate. Where any of the Managers or their affiliates has a lending relationship with the Issuer, certain of those Managers or their affiliates routinely hedge, and certain other of those Managers may hedge, their credit exposure to the Issuer consistent with their customary risk management policies. Typically, these Managers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the Notes. Any such credit default swaps or short positions could adversely affect future trading prices of the Notes.

Certain of the Managers and their respective affiliates have, directly or indirectly, performed investment and commercial banking or financial advisory services for the Issuer and/or its affiliates for which they may have received customary fees and commissions, and they expect to provide these services to the Issuer and/or its affiliates in the future, for which they will receive customary fees and commissions. In the ordinary course of their various business activities, the Managers and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of the Issuer. The Managers and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

For the purpose of this subsection, the term “*affiliates*” also includes parent companies.

4. Legality of purchase

None of the Issuer, the Managers or any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

GENERAL INFORMATION

1. The Notes have been accepted for clearance through Clearstream, Luxembourg (42 avenue JF Kennedy, 1855 Luxembourg, Luxembourg), Euroclear (1, boulevard du Roi Albert II, 1210 Bruxelles, Belgium) and Euroclear France (66, rue de la Victoire, 75009 Paris, France) with the common code 120415441. The International Securities Identification Number (ISIN) code for the Notes is XS1204154410.
2. The issue of the Notes was decided by Olivier Bélorgey, *Directeur de la Gestion Financière* of the Issuer on 9 March 2015, acting pursuant to resolutions of the board of directors (*conseil d'administration*) of the Issuer dated 17 February 2015.
3. Application has been made for the Notes to be listed and admitted to trading on Euronext Paris on 17 March 2015.
4. For the sole purpose of the admission to trading of the Notes on Euronext Paris, and pursuant to Articles L.412-1 and L.621-8 of the French *Code monétaire et financier*, this Prospectus has been submitted to the AMF and received visa no. 15-084 dated 10 March 2015.
5. The total expenses related to the admission to trading of the Notes are estimated to €13,500 (including AMF fees).
6. The members of the board of directors (*conseil d'administration*) of the Issuer have their business addresses at the registered office of the Issuer.
7. The statutory auditors of the Issuer for the period covered by the historical financial information are ERNST & YOUNG et Autres (1/2, place des Saisons – 92400 Courbevoie – France) and PRICEWATERHOUSECOOPERS AUDIT (63, rue de Villiers – 92200 Neuilly-sur-Seine Cedex – France). They have audited and rendered unqualified audit reports on the financial statements of the Issuer for each of the financial years ended 31 December 2011, 31 December 2012 and 31 December 2013. Ernst & Young et Autres and Pricewaterhouse Coopers Audit, belong to the Compagnie Régionale des Commissaires aux Comptes de Versailles.
8. The yield of the Notes is 2.628 per cent. *per annum*, as calculated at the Issue Date on the basis of the issue price of the Notes. It is not an indication of future yield.
9. Save for any fees payable to the Managers, as far as the Issuer is aware, no person involved in the offer of the Notes has an interest material to the issue of the Notes.
10. Except as disclosed in this Prospectus, and in any Document Incorporated by Reference, there has been no significant change in the financial or trading position of the Issuer since 31 December 2014 and there has been no material adverse change in the prospects of the Issuer since 31 December 2013.
11. Except as disclosed in this Prospectus and in any Document Incorporated by Reference, there are no governmental, legal or arbitration proceedings pending or, to the Issuer's knowledge, threatened against the Issuer, or any subsidiary of the Issuer during the 12 months prior to the date hereof which may have or have had in the recent past a significant effect, in the context of the issue of the Notes, on the financial position or profitability of the Issuer or any subsidiary of the Crédit Agricole S.A. Group.
12. For the period of twelve (12) months following the date of approval by the AMF of this Prospectus, copies of this Prospectus, the Documents Incorporated by Reference, the Agency Agreement and the *statuts* (by-laws) of the Issuer will be available for inspection and copies of the most recent annual financial statements of the Issuer will be obtainable, free of charge, at the specified offices for the time being of the Paying Agent during normal business hours. This Prospectus and all the Documents Incorporated by Reference are also available (i) on the website of the AMF (www.amf-france.org) and (ii) on the Issuer's website (www.credit-agricole.com).
